DISTINGUISHED BUDGET PRESENTATION AWARD

GOVERNMENT FINANCE OFFICERS ASSOCIATION

Distinguished Budget Presentation Award

PRESENTED TO

**City of Tucson
Arizona**

For the Fiscal Year Beginning

July 1, 2011

Linda C. Dawson Jeffrey P. Green

President

Executive Director

The Government Finance Officers Association of the United States and Canada (GFOA) presented a Distinguished Budget Presentation Award to the City of Tucson, Arizona for its annual budget for the Fiscal Year beginning July 1, 2011.

To receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communication device.

The award is valid for one year. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

COMMUNITY PROFILE

COMBINING A RICH HISTORY WITH A BRIGHT FUTURE

Permanent settlements were built in Tucson nearly 2,000 years ago by people of the Hohokam culture.

A Long History of Many Cultures

The Hohokam culture thrived in this region until it suddenly declined during the fourteenth century. Native American cultures believed to be descendants of the Hohokam were joined by new arrivals from Spain, Mexico, and the eastern United States. Mission San Xavier del Bac, the “White Dove of the Desert,” was founded by the Franciscan Order in the late 1600s and continues to serve the Tohono O’odham Native American community. The mission has been restored; the interior frescoes were cleaned and painted by European artists, who trained local Tohono O’odham tribal members in the craft.

More than 300 years after Tucson’s founding as a mission site, the “Old Pueblo” continues to grow and celebrate its diverse cultural influences.

An Interesting Place to Live

Located in the Sonoran Desert, Tucson is surrounded by mountain ranges and lush desert valleys. Tucsonans enjoy about 350 days of sunshine each year and an average daytime temperature of 83 degrees. Leisure activities are abundant. The Tucson area has more than 27,000 acres of park lands and 732 miles of designated bikeways. In 2010, *Bicycling Magazine* ranked Tucson as the 9th most bike-friendly city in America. In 2011, The *Alliance for Biking and Walking* ranked Tucson fifth for spending per capita for cyclists and pedestrians. In the nearby mountains and deserts, there are many places to camp, hike, and fish; the southern Arizona region is ranked one of the five best areas in the United States for bird watching. Golfing is available year-round on over 40 public and private golf courses. In the winter, skiing is only a one-hour drive from Tucson.

The Tucson metropolitan region is increasingly becoming a favorite destination for sports-related competitions. Since 2007, it has annually hosted the Professional Golf Association’s (PGA) Accenture Match Play Championship which features the top 64 golfers in the world. Tucson Padres, the Triple-A affiliate of the San Diego Padres, offers a full season of minor league baseball.

The University of Arizona Wildcats’ intercollegiate athletic events provide an exciting array of Pacific-12 division competition. In 2011, the program received a Top 20 standing in the Directors Cup. The men’s baseball team won the 2012 National Collegiate Athletic Association (NCAA) College World Series Championship. Since 2008, Arizona men’s football has returned to bowl game prominence. The men’s basketball team has been one of the country’s most successful programs since 1983, and most recently finished in the Elite Eight at the 2011 NCAA tournament. The men’s and women’s swim teams won the NCAA Swimming and Diving championships. The women’s softball team has won eight NCAA championships including the 2006 and 2007 titles.

Tucson provides opportunities to stimulate the mind as well as the body and is home to the University of Arizona which is ranked among the top 60 public universities by *US News and World Report*. The University of Arizona offers undergraduate, graduate, and doctoral degree programs and has an extension program open to the public. Its Eller College of Management has been ranked in the top ten of *Princeton Review*’s list of best entrepreneurial graduate programs.

COMMUNITY PROFILE

COMBINING A RICH HISTORY WITH A BRIGHT FUTURE

The University is rich in history. It was established in 1885 as the first university in the Arizona Territory and is the state's only land grant institution. It has 329 fields of study with 19 colleges and 18 schools on 3 campuses.

Pima Community College (PCC) offers 172 transfer and occupational programs across six campuses and four learning centers. The college also customizes workforce training for regional employers, with training for approximately 5,600 employees annually. For many of its 40 plus years PCC has ranked among the ten largest multi-campus community colleges in the nation.

There are over 215 arts groups and over 35 art galleries in Tucson. Tucson's downtown arts district hosts over 800 arts and cultural events annually, with many other events and fairs available throughout Tucson. Many museums and other attractions are located in the Tucson area, including the Tucson Museum of Art, Arizona Historical Society Museum, Arizona State Museum, Center for Creative Photography, Tucson Children's Museum, Fort Lowell Museum, Pima Air and Space Museum, Tucson Botanical Gardens, Reid Park Zoo, Flandrau Planetarium, Kitt Peak National Observatory, Mission San Xavier del Bac, and the Arizona-Sonora Desert Museum (rated as one of America's top ten zoos by *Parade Magazine*).

We Mean Business

Tucson's business environment is as agreeable and diverse as its natural climate. Tucson is the base of major military installations as well as prominent corporations in high tech and aerospace industries and major medical and research facilities.

Federal, State, and local governments are significant components of the local economy including Davis-Monthan Air Force Base, but manufacturing employment has more than doubled in the past decade. This growth is due to advanced technology companies such as Raytheon Missile Systems, Texas Instruments, Intuit, the U of A Technology Park and IBM, all of which have made Tucson their business home. The area is served by 14 different hospitals and is considered a regional medical hub. With a population of 520,000, Tucson is Arizona's second largest city and the metropolitan area exceeds one million people. It not only attracts top businesses and technology firms, but also offers four shopping malls, numerous high quality hotel facilities and five destination resorts.

Tucson is recognized as one of the megatrend cities for the 21st century with its emerging presence as a center for optics, astronomy, medical innovation, and health services. The University of Arizona is ranked among the top 20 public research universities nationwide and is an integral part of our local business with an impact of \$2.1 billion in the county. Tourism contributes almost \$3 billion annually to the local economy and continues to be a major contributor to the region's economic base.

In 2007, Tucson was designated one of 25 Solar America Cities by the U.S. Department of Energy. *Business Facilities*, in its 2011 Rankings Report, ranked Tucson first as Alternative Energy Industry Leaders, sixth for Economic Growth Potential, and sixth in Aerospace/Defense Manufacturing.

HOW TO USE THIS BUDGET

This document guide outlines the City of Tucson's Fiscal Year 2013 Adopted Budget. Copies of the budget are available for viewing at the Joel D. Valdez Main Library, the City Clerk's Office, and the Office of Budget and Internal Audit. In addition, the budget may be viewed on the City of Tucson Web site, <http://www.tucsonaz.gov>. Information may be obtained by calling the Office of Budget and Internal Audit at (520) 791-4551 or e-mailing the office at budget@tucsonaz.gov.

The Adopted Budget is organized as follows.

City Manager's Message/Budget Overview – This section includes the letter from the City Manager transmitting the budget to the Mayor and Council and an overview of the budget. In the transmittal letter, the City Manager highlights the key General Fund budget balancing efforts as well as budgetary impacts.

Policies and Legal Requirements – Financial policies and practices, debt management policy, and State and local legal provisions are presented, including the process for budget adoption and setting the property tax, public hearings, and a property tax summary.

Funding Sources – This section of this document offers descriptions of the City's funds, detailed discussion on the various revenue sources and includes a historical summary of certain revenues for each fund.

Department Budgets – This section provides an overview of the departments' budgets. Within each department are a summary of its services, significant changes, key measures of performance, descriptions of the department's operating programs, and the financial and personnel resources that support each program.

Capital Improvement Program – This section provides a summary of the approved Five-Year Capital Improvement Program.

Summary Information – Schedules contained in this section provide summary level information on the consolidated (operating and capital) city budget. Expenditure and revenue information, descriptions of funds, debt service information, and staffing histories are summarized.

Glossary – The glossary and acronyms/initialisms define terms used in the budget.

City Manager's Message

CITY OF TUCSON

OFFICE OF THE CITY MANAGER

July 1, 2012

Honorable Mayor and Council Members:

The Fiscal Year 2013 Adopted Budget, for the first time since 2009, does not include cuts to City services or our employees' pay. We are beginning to see sales tax revenue increase slowly and as a result, this budget reflects the gradual restoration of City services.

This legally balanced budget is based on a projection of moderate economic and revenue growth that will enable us to maintain the provision of core services to the community. Difficult cost-cutting decisions made by the Council in recent years are paying off now, stabilizing the City's financial position. The local economy continues to incrementally improve, while revenues, as well as our reserves, are beginning to increase from their lowest points during the global recession. That being said, it is important to note that the local sales tax, while improving, is still 14% lower (\$24 million less) than 2007 funding levels.

While we are not able to bring back all City services to desired levels in Fiscal Year 2013, nor address the many unmet infrastructure and maintenance needs we face, we are able to incrementally target some of our most critical needs and establish a platform for ongoing service restoration. If we continue to make prudent and conservative financial decisions, we will have the opportunity in coming years to return City services to levels that our community expects and deserves. It is paramount that as we do so, we consider these investments strategically, and align budget resources in the most efficient manner possible with our essential service mandates.

Fiscal Year 2013 Strategic Goals and Strategies: Targeting Critical Needs and Service Restoration

The following strategic objectives, reflecting direction provided by the Mayor and Council, form the platform for the Fiscal Year 2013 Budget:

- Incremental restoration of core services, including swimming pool openings and streets and roads maintenance
- Addressing critical infrastructure needs affecting safety and security
- Investment in employees and customer service
- Enhancement of service delivery through efficiencies, reorganization, new funding solutions, and in-sourcing/outsourcing

General Fund: Approach to Balancing the Budget

In preparing this year's budget, an attempt was made to provide the Mayor and Council with an accurate financial picture of Fiscal Year 2013. A thorough staff analysis was conducted in detail of various projected revenue sources as well as a review of recent year actuals vs. projected expenditures. In January 2012, the Chief Financial Officer and Budget Director held individual meetings with Mayor and Council offices to identify budget priorities and concerns. Following these meetings, overall budget cost drivers were established including a) restoration of employee pay which had been decreased since Fiscal Year 2009 through furlough days; b) increased contributions to both the civilian and public safety pension systems; c) increased costs in medical premiums; d) sustaining our valued investment in the mass transit system; and e) the potential need to restructure debt service payments to defer costs.

Following departmental budget submittals in February, I conducted a thorough line-item review of expenditures with each department and office director. Specific requests and critical resource needs were discussed as well as efficiency and customer service efforts. Budget adjustments were made as appropriate and deemed necessary. From February to April, Study Session discussions were held with the Mayor and Council to discuss budget and financial information and core services issues and priorities. Following submittal of the recommended budget in late April, Mayor and Council provided further direction regarding closing the revenue and expenditure gap in golf operations and the dedication of funding towards the maintenance of residential and arterial and collector streets. Council input and direction from all of these meetings has been incorporated into this adopted budget.

General Fund Resources

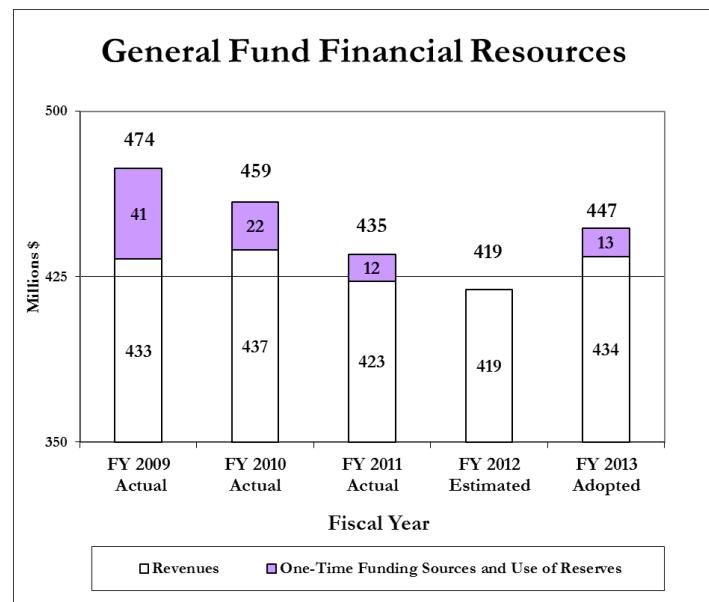

Revenue Outlook – The City of Tucson is reliant primarily on sales tax to sustain City services. The fluctuating nature of this revenue source, compared with more stable local funding sources like property tax, mean the City is particularly susceptible to economic ups and downs as was evident in recent years during the global financial crisis.

Following are the primary revenue streams which comprise over 61% of the Fiscal Year 2013 General Fund Budget:

- City sales tax – The Fiscal Year 2012 estimate is \$5 million more than Fiscal Year 2011 collections, a 3% increase. Fiscal Year 2013 revenues are included at an additional 3% increase, or \$5.2 million, over the Fiscal Year 2012 estimate. Sales tax revenue is increasing slowly with the adopted budget at 14% less, or \$24 million lower, than 2007 levels.
- State-shared sales tax – The Fiscal Year 2012 estimate is \$800,000 more than Fiscal Year 2011 actual collections, a 2% increase. Fiscal Year 2013 revenues are included at an additional 1.9% increase, or \$800,000, over the Fiscal Year 2012 estimate. State-shared sales tax revenue is increasing slowly; the adopted budget is still 16%, or \$8 million, less than 2007 levels.
- State-shared income tax – Income tax revenues are already known since they are based on State collections for the 2010 tax year. Fiscal Year 2013 revenues will be at a nearly a 21% increase, \$9 million, over Fiscal Year 2012. Although Fiscal Year 2013 reflects a large percentage increase over the prior year, revenues are still \$25 million (or 22%) less than Fiscal Year 2009 levels.

Use of One-Time Resources - The chart below illustrates the historic availability of General Fund financial resources and the use of one-time funding sources to offset expenditures. In Fiscal Year 2009, the onset of the global recession caused local and state-shared revenues to decline to the point that it was necessary to use fund balance reserves at fiscal year-end. Throughout the following fiscal years, one-time resources were again used to balance the budget in addition to further reducing expenditures.

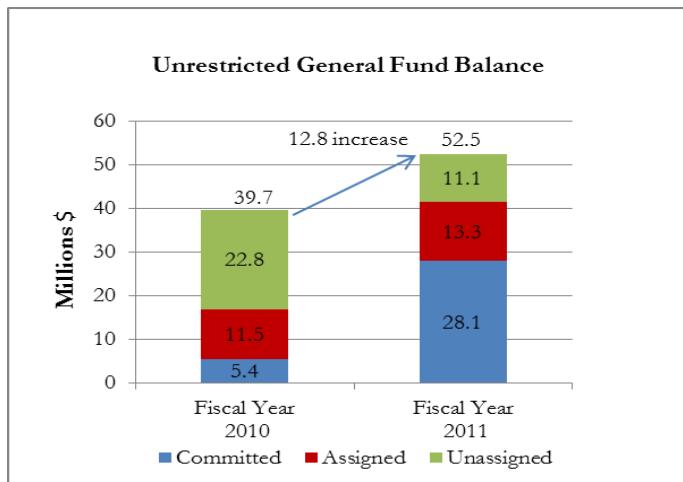

The Fiscal Year 2013 Adopted Budget does still rely on some one-time fixes because current planned expenditures exceed projected revenues despite significant budget balancing efforts. However, it is anticipated that debt restructuring will only be pursued in the spring of 2013 if other potential revenues or savings do not materialize during the fiscal year.

Unrestricted Fund Balance - The status of the General Fund Unrestricted Fund Balance is critical to the financial health of the City, and has implications for the City's access to the financial markets and the cost of borrowing in order to finance needed infrastructure and facilities projects. During the recent economic downturn we relied on a portion of these funds to close our budget deficits in Fiscal Years 2008 and 2009. During Fiscal Year 2010, the City implemented Government Accounting Standards Board (GASB) Statement 54 which established new fund balance classifications for governmental funds; as a result, unrestricted funds include committed, assigned, and unassigned categories. At the end of Fiscal Year 2010, the unassigned fund balance was increased for the first time in three years from \$17.0 million to \$22.8 million, a \$5.8 million increase. Total unrestricted fund balance equaled \$39.8 million at Fiscal Year End 2010.

During Fiscal Year 2011, Mayor and Council established a stabilization fund within the committed category with a minimum policy goal of 10% of prior year General Fund revenues. At the end of Fiscal Year 2011, a portion of the unassigned balance (\$22.8 million) was transferred to the stabilization fund which is 5.4 % of operating revenues. The unassigned fund balance, or residual net resources, was at \$11.1 million, or 2.7% of revenues (Mayor and Council's policy target is 7% minimum). Total unrestricted fund balance equaled \$52.5 million at Fiscal Year End 2011 and included \$13.3 million in assigned funds. However, it is anticipated that a majority of the funds assigned for budget deficit mitigation in Fiscal Year 2012 will not need to be used for that purpose.

The Fiscal Year 2013 Adopted Budget includes the usage of assigned fund balance again in order to balance the budget. However, in upcoming fiscal years, it is critical that we continue to grow our unrestricted fund balance to ensure a sustainable organization for the future.

Core Services: Budget Impacts

A primary goal in the development of the Fiscal Year 2013 Budget was the incremental restoration of core services (public safety, parks and recreation, streets and traffic maintenance, mass transit). In some service areas, specific restoration efforts were undertaken during Fiscal Year 2012 that will continue in Fiscal Year 2013.

Tucson Police – Two federal COPS hiring grants are already providing funds for an additional 75 authorized commissioned police officers who are being trained in back-to-back academy classes. Some reassigned solo motor officers are returning to traffic enforcement responsibilities. Executive development training is in progress to prepare for significant commander attrition anticipated in Fiscal Year 2015. A state-of-the-art crime lab opened in the fall of 2011 and enhances the department's commitment in providing the community with quality forensic science and compliance with national standards on needed space.

Tucson Fire – Commissioned staffing was reduced by 54 positions last fiscal year which resulted in taking some trucks and response units out of service. This contributed to slower fire/medical response times; however, specific service delivery efficiencies such as the use of two-person Alpha trucks for medical responses are being implemented during the fiscal year to adapt to current workforce levels. A federal Staffing for Adequate Fire and Emergency Response (SAFER) grant has been applied for which would provide funding for 33 firefighters for two years. Responsibility for the 911 communications center operations was assigned to Fire early last fiscal year. Changes in management strategies and equipment improvements have reduced call processing times, yet staffing levels remain a challenge.

Parks and Recreation – The majority of programs are being maintained at existing service levels. However, public/private partnerships are providing new funding solutions which will enhance specific programs; for example, Tucson Summer Splash donations to reopen swimming pools. The usage of Hi Corbett Stadium by the University of Arizona baseball team provides sustainable funding as well as increases the convenience and visibility of a local sporting event for our community. The increased operating costs for the newly opened Expedition Tanzania elephant habitat zoo expansion will be fully-supported by zoo admission fees.

Streets and Traffic Maintenance – In early April 2012, an aggressive four-month clean-up of citywide medians and roadsides was initiated. This effort will be supported by a comprehensive median island maintenance program including increased watering intervals throughout the year. Funding for contracted maintenance and paving of residential and arterial and collector streets has been budgeted at \$20 million in order to substantially increase last year's efforts to address priority areas citywide. Outside contracting of graffiti clean-up is being supplemented by city crews. Safety issues will be addressed through copper wire replacement and increased traffic striping.

Mass Transit System – The City's public transportation system includes Sun Tran fixed-route bus service and Sun Van paratransit service, for persons with disabilities. The purchase of additional Sun Tran buses and rising fuel and labor costs are anticipated to be offset by greater passenger revenues resulting from increased ridership. Future Smart Cards implementation will provide for more flexibility for users, lower maintenance costs, improved data collection and reconciliation, easier route performance tracking, and improved boarding efficiency.

Outside Agencies: Budget Impacts

Specific contractual allocations (as well as support payments) have been budgeted to fund non-profit agencies that support human services, economic and workforce development, arts, and special events in our community. In addition, payments are made to other jurisdictions for services contracted through intergovernmental agreements (e.g., Pima Animal Care Center for animal services). The Fiscal Year 2013 Adopted Budget includes General Fund allocations to outside agencies totaling \$9.4 million which is comparable to Fiscal Year 2012 funding. Funding for Tucson Regional Economic Opportunities (TREO) is being reduced by 23% to fund the City's new Economic Development Manager position. A list of allocations is included in Non-Departmental in Section D, Department Budgets.

Enterprise Operations: Budget Impacts

Environmental Services, Tucson Water, and Tucson City Golf are funded by fees for service. It is essential that these enterprise operations be carefully managed in order to continue to provide quality services to the community while being fiscally responsible regarding long-term operation and sustainability. Organizational structures have been adjusted and efficiencies implemented over the past years throughout these areas due to decreased revenues and increased costs.

- **Tucson Water** – The department's mission is to provide the highest quality water in a cost-effective, efficient, and environmentally responsible manner. This mission is reflected in the current Financial Plan which includes an increase to revenues to maintain financial sufficiency. It includes a capital program primarily focused on replacing aging infrastructure for reliability as well as increasing the amount of cash reserves (working capital) to improve bond ratings which will lower borrowing costs for the capital program. The Financial Plan for Fiscal Years 2012-2017 was recommended by the Citizens' Water Advisory Committee (CWAC) and adopted by Mayor and Council on February 28, 2012. Tucson Water is at its lowest employee-to-customer ratio in decades at 2.46 employees per 1,000 customers. It is working to lower energy use and is purchasing its full Central Arizona Project (CAP) allocation this year in order to secure future water resources.

Per capita water consumption continues to decline, which is positive news; however, the utility relies on water sales to generate over 80% of its revenues. Water rate restructuring was approved by Mayor and Council on May 22, 2012 that is anticipated to generate an additional \$11.8 million in revenue (an additional 8.3%) to meet the adopted Financial Plan. The new rate structure will rebalance water rates to maintain a conservation incentive based on current consumption trends.

- **Environmental Services** – There are no fee increases enacted for Fiscal Year 2013; the last increases were in July 2011. Based upon a review of expected revenues and the implementation of various efficiencies, the operating budget for Environmental Services has been decreased by \$1.6 million, or 3%. Adherence to the fleet replacement plan will continue which is resulting in vehicle maintenance budget decreases and increased reliance on technology efficiencies such as using a global positioning system for landfill compaction.
- **Tucson City Golf** – Tucson City Golf continues to compete for the golfing dollar in Southern Arizona as fewer rounds are being played and the number of winter visitors playing golf has gone down. The adopted Golf budget reflects specific fee increases and eliminations of certain discounts and vacant positions which are aimed at improving its financial position in the short-term while maintaining service to the community. A shift from a permanent to a non-permanent workforce continues in order to effectively align resources with anticipated business needs. A cost/benefit/savings analysis of options is being conducted with the input of a citizen work group to determine how to address Golf's structural deficit, as directed by the Mayor and Council in May. Options found to be fiscally sound will be considered for implementation.

Capital Improvement Program: Supporting Core Services

The Five-Year Capital Improvement Program includes critical projects that will enhance our community's core services infrastructure. Line construction began in April 2012 on the Tucson Modern Streetcar ("SunLink") which is the City's highest priority capital project that will create significant economic development and infill opportunities and connect the downtown and University areas. The modern streetcar project is already triggering retail, office and residential development, and redevelopment opportunities along its route which will contribute to improving Tucson's economy.

Public safety communications infrastructure is being upgraded with the 911 emergency answering and dispatch operation facilities' renovations underway at the Thomas O. Price Communications Center to accommodate new live back-up emergency capabilities for the region. This is in alignment with the mission of the Pima County Wireless Integrated Network (PCWIN), which is a Pima County bond project to enhance regional public safety emergency communications.

Due to the extent of the City's unmet capital needs specifically related to streets maintenance and construction, discussions were held in May and June with Mayor and Council regarding a potential General Obligation bond election in November 2012 to fund these critical needs. Following a public hearing on June 19th seeking citizen input, Mayor and Council voted on June 26th to refer the placement of a question on the November 2012 ballot seeking voter authorization to issue \$100 million in General Obligation bonds to repair and resurface arterial and residential streets within the City of Tucson.

Economic Development Focus

The Mayor and Council have recognized that the City's financial position is closely tied to the health of the local economy and have directed that additional focus be made in economic development. The City continues to build its economic development incentives toolkit (e.g., Infill Incentive District, Primary Jobs Incentive Program, Urban Overlay District, Central Business District designation for use of Government Property Lease Excise Tax, etc.) in order to encourage investment, help retain and create jobs, and grow local businesses. These efforts will ensure that sufficient revenues are generated so that the City can continue to provide the highest quality municipal services to Tucson residents.

In Fiscal Year 2013, the City's economic development efforts will be spearheaded by a newly created City Manager's Office of Economic Initiatives whose staff is working collaboratively with the Mayor's Office economic development staff and other City departments that support businesses, such as Planning and Development Services, Finance, and Real Estate. Attention is being paid to improving the effectiveness of the City's relationships with our community partners such as Tucson Regional Economic Opportunities (TREO), Metropolitan Tucson Convention and Visitors Bureau (MTCVB), and the various chambers of commerce. In March, a Fiscal Year 2013 Request for

Proposals were issued for economic and workforce development programs, services, and tourism events offered by non-profit organizations. Thirty-three eligible proposals were submitted and grant funding allocations will be awarded this summer by the Mayor and Council following discussion of recommendations made by a citizen panel. Contracts will be executed and monitored by economic development staff.

The development of the Tucson Modern Streetcar (“SunLink”) is perhaps the most significant economic development project being undertaken by the City. Enhancing the viability of downtown and building a stronger linkage between downtown with the University will be major drivers of future economic success for Tucson. Additional specific areas of focus for economic development in the coming year include: a) encouraging business expansion and relocation, including further developing trade and relations with Mexico, b) improving the environment for business creation and start-ups, c) providing for easier navigation for businesses through City systems and processes, and d) streamlining the development review process.

Investment in City Employees and Customer Service

It is important that a primary organizational goal be the daily enhancement of service delivery to our residents. Each and every day we must look at systems, processes, and disciplines that enhance the way in which we provide and maintain services to the community. Good customer service begins and ends with our employees, and the organizational environment must appropriately support their mission.

City employees have sacrificed throughout the economic downturn. Significant attrition and position eliminations, as well as recruitment backlogs, have created more work for most of our staff. Frozen wages, furlough days, and increased out-of-pocket medical insurance and pension costs have reduced the take home pay of employees. Based on Mayor and Council direction, I am pleased that the Fiscal Year 2013 Adopted Budget includes a 1% cost of living adjustment (COLA) for all City employees to be funded by holding vacant positions partway into the fiscal year.

We also must have the courage to make internal changes and realignments in order to make our organization as effective and efficient as possible. In Fiscal Year 2013, we will re-direct resources within the organization to improve how we communicate with residents by consolidating web, Channel 12, and community relations staff under one umbrella within the City Manager’s Office. We will focus on training and employee development to enhance our service delivery methods and abilities. Front-line customer service and revenue generating positions will be filled to ensure that critical services are delivered. In addition, the City’s volunteer program will be reinvigorated to make use of Tucsonans’ interest and willingness to contribute to their city.

Forecasting Future Challenges and Opportunities and Taking Action: Beyond Fiscal Year 2013

As we begin the new fiscal year, it is important that staff and the Mayor and Council focus their planning efforts on the following potential fiscal and operational challenges that the City may face in the coming years:

- We anticipate continued annual benefit cost increases for pension, health insurance, workers’ compensation, unemployment insurance, and public liability insurance. Employee classification and compensation planning, as well as employee development and training plans, will strengthen the sustainability of our workforce and service delivery.
- As the State of Arizona’s temporary sales tax expires in May of 2014, there may be unforeseen impacts to City revenues or programs.

- Federal grants for public safety personnel received in Fiscal Years 2012 and 2013 will expire in Fiscal Year 2015, leaving the City General Fund to pick up these costs.
- Our future investment in transit services, including the modern streetcar, must be based on a strategic five-year planning horizon in order to anticipate and adapt to community needs and associated costs.
- There will be operations and maintenance costs associated with the Modern Streetcar, Pima County Wireless Integrated Network (PCWIN), and the Joint City/County Courthouse – projects that will come on-line in the next few years.
- Adequate ongoing funding to address aging infrastructure, replace old vehicles and equipment, and address other unmet capital needs will need to be identified.
- Fund balance deficits in the Highway User Revenue Fund, Tucson City Golf enterprise, and self-insurance fund need to be remedied.
- Funding to invest in technology would provide improved customer service and lead to more efficient operations.
- Building and maintaining adequate financial reserve levels needs to continue to be a priority.
- Addressing local control of spending and allowing the use of increased revenues for City services by potentially pursuing a voter-approved authorization for an alternative expenditure limitation such as Home Rule or a permanent adjustment instead of the State imposed formula limit.

There are also many opportunities that lie ahead for the City to strengthen its financial position and address long-term concerns and issues:

- The City's renewed focus on economic development, including investment in the Streetcar and in downtown development, hiring of a new economic development manager, and the creation of a strong incentive package will help to grow the local economy and improve City revenues over time.
- Annexation will continue to be a high priority in Fiscal Year 2013, buoyed by the platform of the City's Water Service Area Policy. Annexation generates additional revenue for the City and makes sense from an economic and municipal service perspective.
- Many of the City's major transportation corridors will be improved through the Regional Transportation Authority plan in the next few years. There is the opportunity through these transportation improvements, coupled with appropriate planning efforts, overlay zoning, etc., to incentivize revitalization of vacant and underutilized properties along these routes that will contribute additional tax revenue to the City.
- Further development and utilization of the Five-Year Financial Model will improve decision making by planning for anticipated future changes in both revenues and expenditures and providing the ability to accurately consider multiple budget scenarios. By taking a strategic approach now to address long-term financial sustainability we can enhance our core services and facilitate responsible management and dedication of future revenue growth.

Strategic plans to address these future challenges and opportunities are being developed in alignment with the current budget year's goals and strategies that emphasize targeting the City's critical needs and incremental core services restoration. Future budget processes and decisions will be directly impacted by the long-range strategies that are being initiated now.

Conclusion

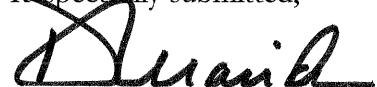

The efforts of City staff throughout the organization were greatly appreciated in the construction of this budget. Special thanks to the Assistant City Managers; department directors and their financial staff; and staff of the Budget and Internal Audit Office and the Finance Department for their commitment and long hours dedicated to developing this budget.

It is imperative to recognize that City employees are continuing to serve our community well even with the severe financial challenges we have faced during recent years. Given the caliber of employees that work for the City, we are overcoming these challenges with an ethic of dedication and commitment to public service.

The Mayor and Council have made many tough decisions related to the City budget in recent years that have ultimately improved our financial health. With your strong leadership we have significantly narrowed our recurring deficit and are cautiously restoring our core services.

I believe that the adopted budget is in clear alignment with the needs of the community as directed by the Mayor and Council. I am proud to join in partnership with you, our employees, and the citizens of Tucson as we work together to continue to make Tucson a great community.

Respectfully submitted,

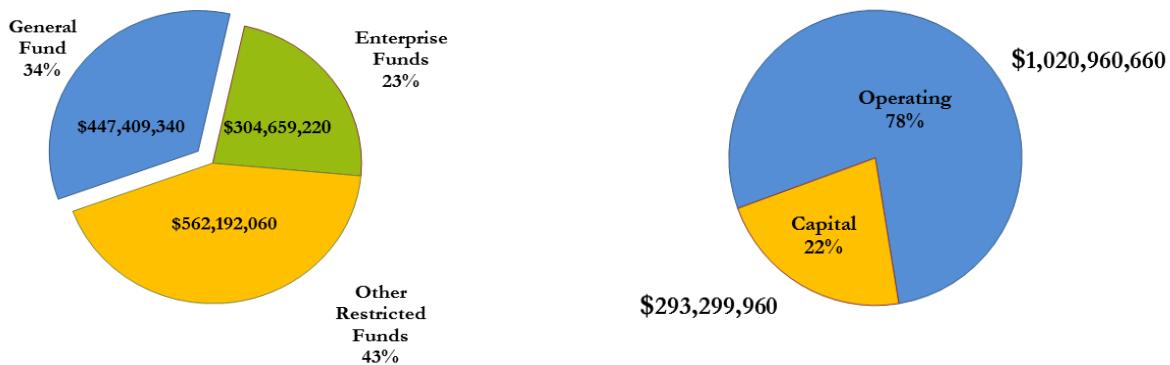

Richard Miranda
City Manager

BUDGET OVERVIEW

The Tucson City Charter requires that the City Manager submit a recommended budget for the following fiscal year on or before the first Monday in May, or on such date in each year as shall be fixed by the Mayor and Council. The Mayor and Council review the City Manager's recommended budget and are required by the State of Arizona to adopt a balanced budget on or before the third Monday in August. For Fiscal Year 2013, the recommended budget was submitted to the Mayor and Council on April 24, 2012. Mayor and Council adopted the budget on June 5, 2012.

The Fiscal Year 2013 Adopted Budget totals \$1.314 billion. Approximately 66% is from restricted funds that can only be used for specific purposes: 23% from Enterprise Funds of \$305 million and 43% from Other Restricted Funds of \$562 million. The remaining 34% or \$447 million is from the General Fund, which the Mayor and Council have discretion to program to meet the City's priority needs. The General Fund budget has increased by \$18.9 million, or over 4%, from Fiscal Year 2012.

Fiscal Year 2013
\$1,314,260,620

The citywide budget decreased by almost \$25 million from the Adopted Fiscal Year 2012 Budget of \$1.338 billion. The capital budget decreased by \$60 million, while the operating budget increased by \$35 million. The decrease in the capital budget is primarily due to the completion of several major capital projects (e.g., Crime Lab, Tanzania African Expansion and solar panel installations). The increase in the operating budget primarily is attributed to the increase in personnel, benefit, public liability, and workers' compensation insurance costs and streets and road maintenance costs. See chart below.

This Budget Overview is organized into four sections which focus on the changes from the Adopted Fiscal Year 2012 Budget to the Adopted Fiscal Year 2013 Budget:

- Where the Money Comes From – Revenue Sources
- Where the Money Goes – Expenditures and Staffing
- Citizen Impacts
- Budget Development Process

For more detailed information on changes, see Funding Sources in Section C and Department Budgets in Section D.

WHERE THE MONEY COMES FROM

There are three major revenue groups in the city budget: 1) General Fund, 2) Enterprise Funds, which are restricted, and 3) Other Restricted Funds. This section of the overview will first discuss General Fund revenues, followed by a discussion of Restricted Funds revenues. See chart below which illustrates the funding sources for citywide revenues.

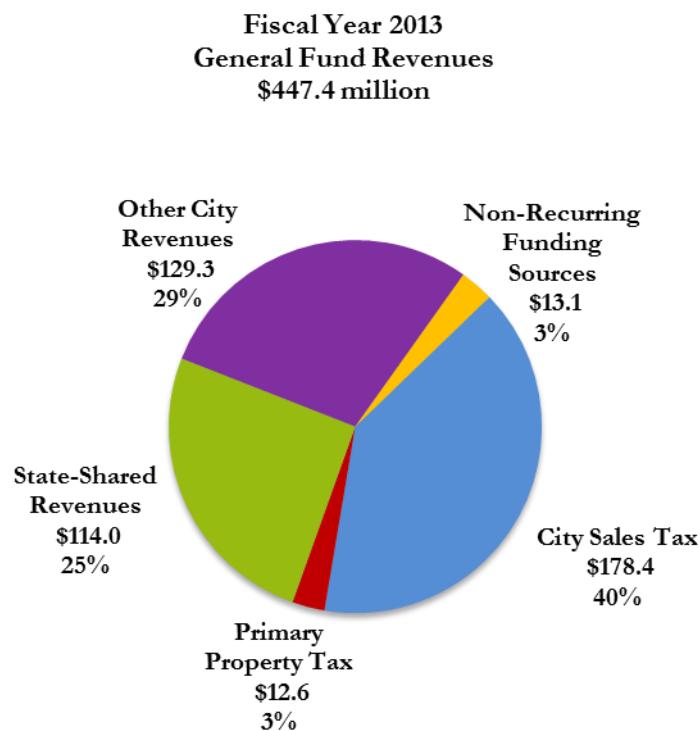

General Fund Revenues

Revenue for the Fiscal Year 2013 General Fund adopted budget comes from both city-generated and state-shared sources. Revenues totaling \$447.4 million are included: \$434.7 million of which is recurring; \$12.7 million is non-recurring. This is \$21.6 million more, or 5%, than the Fiscal Year 2012 Adopted Budget and \$28.5 million more than the projected Fiscal Year 2012 revenues. Local sales tax revenues of \$178.4 million, which comprise 40% of the General Fund revenues, have been estimated at a 3% growth over projected Fiscal Year 2012 collections. The City's primary property tax will provide funding for less than 3% of the General Fund budget.

State-shared taxes (sales, income, and auto lieu) make up 25% of the adopted General Fund revenues. Increases in state income tax collections will result in Tucson's share being \$9.2 million higher than the estimated revenues for Fiscal Year 2012. The 29% in Other City Revenues shown in the chart on the next page consists of other local taxes and fees, fines and forfeitures, charges for city services, and contributions.

Debt restructuring in the amount of \$9.4 million has been programmed in order to balance the budget; restructuring has been included as “one-time” revenue which offsets the debt principal repayment expenditure. Debt restructuring will only be pursued in the spring of 2013 if other potential revenues (e.g., delinquent sales tax collections) or savings do not materialize during the fiscal year and close the gap.

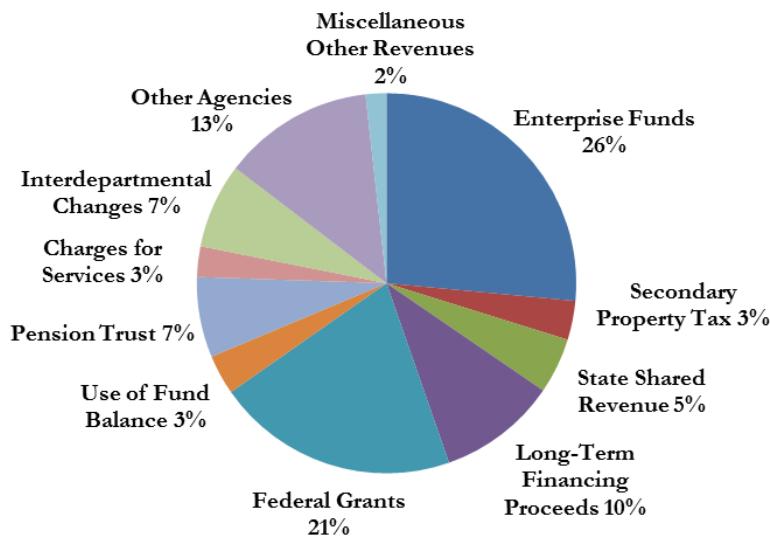

Restricted Funds – Revenues

Restricted funds account for 66% of the total Fiscal Year 2013 Budget. These funds are considered restricted because their use is limited to specific purposes. Restricted fund revenues are generated from the following federal, state, and local sources:

- (1) grants, shared revenues, and contributions from other state and local governments
- (2) self-supporting enterprise funds (environmental services, golf, and water)
- (3) city revenues that are collected for a specific purpose, such as certificates of participation and other debt financing, and reserves set aside for a particular requirement
- (4) internal service and fiduciary funds

The largest component of restricted revenue is from the Enterprise Funds while federal grants comprise the second largest component. See following chart and additional information which is available in Section C.

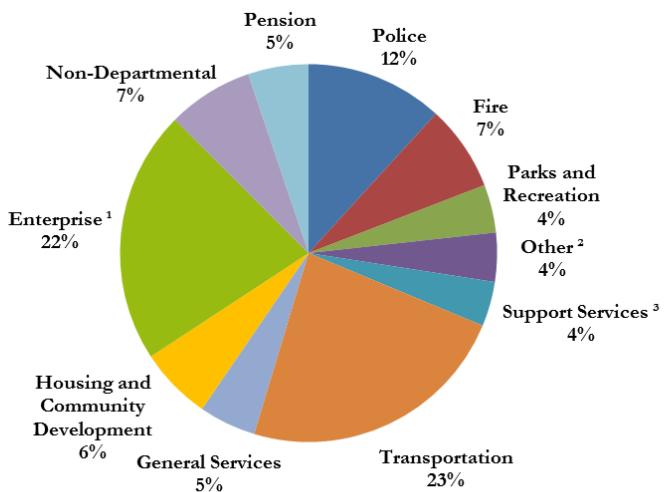

**Fiscal Year 2013
Restricted Funds – Revenues
\$867.1 million**

WHERE THE MONEY GOES

The City budget funds a broad range of services. Environmental Services, Tucson Water, and Tucson City Golf are self-supporting through their fees for services and are included in the Enterprise group, which makes up 23% of the Fiscal Year 2013 Adopted Budget. The following two graphs illustrate the specific areas in which citywide and General Fund expenditures are budgeted. Detailed information on individual department budgets can be found in Section D.

**Fiscal Year 2013 Expenditures

¹Tucson Water, 17%, Environmental Services, 4%, and Tucson City Golf, 1%

²Mayor and Council, City Clerk, City Manager's Office, City Attorney, City Court, Equal Opportunity Programs and Independent Police Review, Public Defender, Planning and Development Services and Tucson Convention Center

³Budget and Internal Audit, Finance, Human Resources, Information Technology, and Procurement

Fiscal Year 2013
General Fund Expenditures
\$447.4 million

¹ Mayor and Council, City Clerk, City Manager's Office, City Attorney, Equal Opportunity Programs and Independent Police Review, General Services, Housing and Community Development, Public Defender, Planning and Development Services, and Transportation.

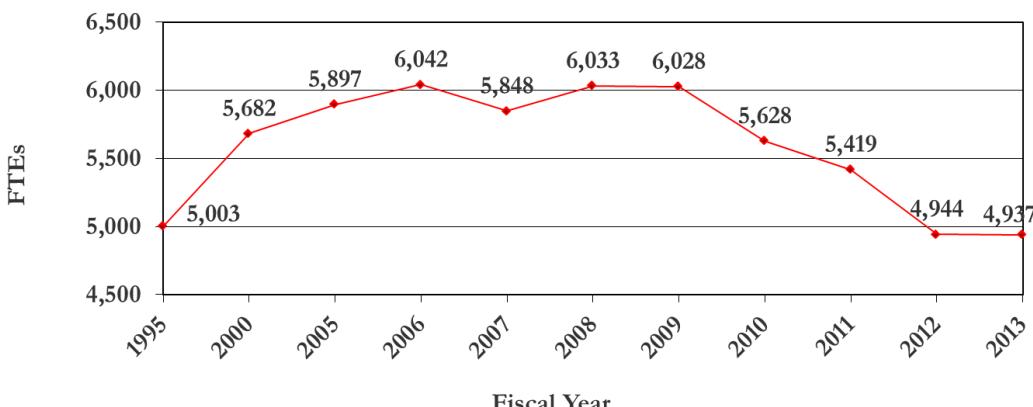

² Budget and Internal Audit, Finance, Human Resources, Information Technology, and Procurement.

Staffing

The number of City employees in the adopted budget for Fiscal Year 2013 totals 4,937.75, a decrease of 6.5 full-time equivalent (FTE) positions from Fiscal Year 2012. An FTE is equal to a 40-hour work week or 2,080 hours per year.

The citywide FTE comparison chart below illustrates how staffing over the past decades peaked in Fiscal Year 2006 at 6,042. The adopted Fiscal Year 2013 staffing of 4,937 approximates the City's authorized staffing level back in Fiscal Year 1995, and is almost 1,100 less than it was as recently as Fiscal Year 2009 as also illustrated below. For more detail on authorized position resources, see the individual departments in Section D.

A four-year City staffing comparison chart is included in Section F as well as a breakdown between permanent and non-permanent positions for Fiscal Year 2013. One potential measure of municipal efficiency, and the value that residents are getting for their taxes, is the staffing ratio per 1,000 population. A chart is also included in Section F which illustrates that the number of City employees per 1,000 population has gradually declined in the past 10 years from a peak of 11.2 in Fiscal Year 2006 to 9.6 in Fiscal Years 2012 and 2013.

CITIZEN IMPACTS

City Property Taxes. The City's property tax rates will increase in Fiscal Year 2013. The City imposes two taxes on property within the city limits. The primary property tax, which is applied to the limited value assessed by the Pima County Assessor, is used for general purposes; and the secondary property tax, which is applied to the full cash value assessed by the Pima County Assessor, is used to pay off general obligation bond debt.

The combined property tax rate for the Fiscal Year 2013 Adopted Budget is \$1.2639 per \$100 of assessed valuation, which is an increase of \$0.1018. As allowed by state law, the City will increase the primary property tax levy by the actual cost of involuntary torts or claims that were paid in Fiscal Year 2011. The involuntary tort levy amount is \$1,051,650, which increases the estimated primary tax rate by \$0.0317 per \$100 of assessed valuation. The involuntary tort revenue will be a reimbursement to the City's Self Insurance Fund and will help toward eliminating the deficit in that fund. The increase to the secondary tax rate is needed to repay the general obligation bond principal and interest obligations. This \$0.1018 increase in the combined rate would mean an increase of \$10.18 annually for an owner of a home with a \$100,000 actual valuation.

| City of Tucson Property Tax Comparisons | | | |
|--|-------------------|--------------------|------------------|
| | Actual FY 2012 | Adopted FY 2013 | Change |
| Rate Changes | | | |
| Primary | \$ 0.4297 | \$ 0.4125 | \$ (0.0172) |
| Secondary | 0.7324 | 0.8514 | 0.1190 |
| Total | \$ 1.1621 | \$ 1.2639 | \$ 0.1018 |

Charges for Services. Not all charges for services directly impact the general public; e.g., court fines and development fee increases. The charges for services that generally affect the majority of Tucson residents are the refuse collection and disposal service fees and water system cost of service/usage rates. Specific water rate increases were approved by Mayor and Council on May 22, 2012.

Service Levels. The economic recession caused the City to reduce staffing and reduce or eliminate certain services. Staffing had fallen to the Fiscal Year 1995 level through attrition and the elimination of vacant positions. However, our primary restoration goal is the daily enhancement of service delivery to our residents. This will be accomplished by making internal changes and realignments to make our organization as effective and efficient as possible. A focus will be made on training and employee development and staffing front-line customer service and revenue generating functions to ensure that critical services are delivered.

BUDGET DEVELOPMENT PROCESS

The budgetary process is governed by both state and City legal requirements and provides an opportunity for citizen comment.

On April 24, 2012 the city manager submitted the Fiscal Year 2013 Recommended Budget and the Proposed Five-Year Capital Improvement Program for Fiscal Years 2013-2017. The submission was in compliance with the Tucson City Charter which requires that the city manager prepare a written estimate of the funds required to conduct the business and affairs of the city for the next fiscal year.

A public hearing for the Fiscal Year 2013 Recommended Budget was held on May 8, 2012 to provide the public with an opportunity to comment. On May 8th and 15th, time was set aside at Mayor and Council study sessions for review of the recommended budget; and the budget was tentatively adopted at the regular Mayor and Council meeting on May 15th. The tentative budget adoption was in compliance with the City Charter by which

the city manager is required to submit to Mayor and Council an estimate of the probable expenditures for the coming fiscal year.

On June 5th, the City of Tucson held a public hearing on the budget as tentatively adopted followed by a special meeting for final budget adoption. Adoption of the property tax levies was held on June 19th in accordance with state law.

The budget calendar for Fiscal Year 2013 can be found on page iii.

Section B

Policies and Legal Requirements

FINANCIAL POLICIES and PRACTICES

The City of Tucson's goal is to provide the highest quality services to the community in the most cost-effective manner. The City's strategy to achieve these results is through goals to improve Tucson in a coordinated manner and to make fiscally responsible decisions that will ultimately strengthen the city.

The development of the City of Tucson's budget is designed to reflect the needs and desires of the community. Throughout the year, the Mayor and Council and staff obtain input from the community through citizen commissions, neighborhood dialog meetings, and budget townhalls. The city council provides input to the City Manager for the preparation of the Recommended Budget, which is reviewed with the Mayor and Council in the spring of each year. The purpose of the Recommended Budget is to enable the community and the city council to comment on a balanced budget before tentative adoption.

In addition to legal requirements set by State law and the City Charter, the Mayor and Council adopted Comprehensive Financial Policies in January 2011 as recommended by the Government Finance Officers Association (GFOA). These policies establish guidelines for the City's overall fiscal planning and management. These principles are intended to foster and support the continued financial strength and stability of the City as reflected in its financial goals. Following these principles will enhance the City's financial health as well as its image and credibility with its citizens, the public in general, bond rating agencies and investors. It will also protect the Council's policy-making ability by ensuring that important policy decisions are not controlled by financial problems or emergencies.

The Comprehensive Financial Policies are available in their entirety on the City Finance Department's website at <http://www.tucsonaz.gov/finance>. Additional updates to the policies will be discussed by the Mayor and Council in the fall of 2012.

Balanced Budget

The city shall adopt a balanced budget so that expenditures approved for City purposes will not exceed the estimate of income expected from all sources, including available balances from prior years. This policy applies to expenditures and revenues within each fund such that each fund is individually balanced. Furthermore, one-time funding sources will only be used for one-time expenditures to avoid a future imbalance that would be caused by funding recurring expenditures with one-time revenues or balances from prior years.

Per the adopted Policies, the City of Tucson should always adopt a legally balanced budget and should strive to adopt a structurally balanced budget while considering the long-term impact on the City's financial health. In difficult budget times, the City should strive first to maintain balanced operating budgets and then to achieve a structurally balanced budget as quickly as possible.

Operating Management Policies

- Department directors are expected to manage their areas with the overall financial health of the City in mind and to look for effective and efficient ways to deliver quality services to our citizens while meeting the goals of the city council.
- All personnel requests must be fully justified to show that they will either meet new program purposes or maintain or enhance service delivery.
- Revenue projections will be based on historical trends by developing base lines for ongoing types of revenues. Conservative but realistic revenue projections will be prepared to assess the limits of budget appropriation.
- User fees and charges, which are approved by the city council, will be periodically analyzed and updated to ensure sufficient cost recovery.
- Development fees will be reviewed each year and adjusted if necessary.
- Each department will create performance measurements to make sure the goals and objectives of the department are obtained in an efficient and effective manner.
- Investments of cash funds will be maintained in accordance with the City Charter and State Statutes.

FINANCIAL POLICIES and PRACTICES

- The City will pursue outstanding collections through revenue collectors and perform audits on businesses to ensure compliance with the City Tax Code.

Capital Management Policy

The purpose of the Capital Improvement Program is to systematically plan, schedule, and finance capital projects to ensure cost-effectiveness as well as conformance to established policies.

- The City will develop, maintain and revise when necessary a continuing Capital Improvement Program (CIP).
- The CIP must include a list of proposed capital improvements with cost estimates, funding sources, time schedules for each improvement and estimated operating and maintenance costs.
- The CIP will cover a five-year planning horizon, identifying infrastructure and facility projects along with the funding sources available for projected expenditures.

Revenue Diversification

The City cannot meet the growing demand for services without diversifying its revenue base. Although the State places certain restrictions on raising revenues, restrictions due to the City Charter can be lifted if approved by the voters. The City must continue in its efforts to expand revenues such as fees for services, and to remove limitations set by the City Charter where feasible.

General Accounting Policies

- The city complies with Generally Accepted Accounting Principles (GAAP) and Governmental Accounting Standards Board (GASB) statements in accounting for and presenting financial information.
- The modified accrual basis of accounting is used for all governmental fund types, while other fund types including enterprise funds comply with the full accrual basis of accounting.
- An annual audit is performed by an independent public accounting firm. The audit opinion is included in the city's Comprehensive Annual Financial Report (CAFR).
- The City's CAFR will be submitted to the Government Finance Officers Association (GFOA) Certification of Achievement for Excellence in Financial Reporting Program.
- Financial systems will be maintained to monitor revenues and expenditures.

Budgetary Policies

The basis of budgeting is best described as a modified cash basis, because funds are budgeted in the year expended. As a result, revenues that may be received in a prior year are budgeted in the year that they will be expended. A good example is bond funds, which are sold and received in the fiscal year prior to the fiscal year that they are budgeted and expended.

- The budget will be prepared using the best practices and procedures set out by the GFOA and the GASB.
- The budget will be prepared in accordance with the policies and priorities of the Mayor and Council, including the City's Comprehensive Financial Policies and approved strategic plan.
- The budget will reflect the needs being met, services provided, resources used, and sources of funds.
- Annually, the Mayor and Council is to adopt a balanced budget on or before the third Monday in June preceding the beginning of the fiscal year, which sets out that year's revenues and appropriations for each program and item of expenditures.
- The City will adopt a balanced budget without using non-recurring funding sources to defray recurring expenditures.
- Consistent with the annual budget process, a five-year capital improvement program will be approved.
- The adopted annual budget is the basis for the implementation, control, and management of that year's programs and use of funds.
- The City's budget will be submitted to the GFOA Distinguished Budget Presentation Program.

Fund Balance Policy

An important component of good fiscal practice for any organization is to have a policy on the amount of reserves to be maintained, the purposes for which their use is allowed, and the manner in which reserves are restored after use. Fund balance is an important indicator of the City's financial position.

Fund Balance is comprised of Non-spendable, Restricted, Committed, Assigned, or Unassigned components. This policy refers to unrestricted fund balance which would include the latter three fund balance components: Committed, Assigned, or Unassigned.

The City of Tucson's General Fund unrestricted fund balances will be maintained to provide the City with sufficient working capital and a comfortable margin of safety to address emergencies and unexpected declines in revenue without borrowing. This is needed to maintain the City's creditworthiness and to adequately provide for economic and legislative uncertainties, cash flow needs and contingencies.

Committed Fund Balance

- Mayor and Council action is required to "commit" and "uncommit" funds for a specific purpose.
- The City will maintain a stabilization fund or "rainy day fund" as a committed fund balance in the General Fund of no less than ten percent (10%) of General Fund revenues. The City is currently not in conformity with this goal but will strive to achieve it within five years.
- The stabilization fund may only be used if specific action is taken by Mayor and Council after the unassigned/contingency fund balance is depleted and if the City Manager is able to demonstrate the magnitude of the unforeseen emergency and there are no reasonable budget adjustments available to continue to provide the essential services to the public.
- In the event the stabilization fund must be used to provide for temporary funding, the City must restore to the minimum limit over a period not to exceed five fiscal years following the fiscal year in which the event occurred. If the depletion of the stabilization fund was a result of an ongoing economic downturn, the City's goal is to restore the fund balance within five years of revenue stabilization.

Assigned Fund Balance - The Chief Financial Officer/Finance Director will approve any assigned fund balance.

Unassigned Fund Balance

- A target of a minimum of seven percent (7%) of General Fund revenues will be "unassigned/contingency", with the intention to provide additional stability to the General Fund recognizing the cyclical nature of the economy and the volatility of the major revenue sources of the City.
- Funds in excess of the minimum targets will be retained in the unassigned General Fund balance and may be considered to supplement "pay as you go" capital outlay expenditures, or may be used to prepay existing City debt.
- These funds may not be used to establish or support costs that are recurring in nature.

Investment Policy

The Tucson City Charter and State Statutes authorize the City to invest in obligations of the U.S. government, its agencies and instrumentalities, money market funds consisting of the above, repurchase agreements, bank certificates of deposit, commercial paper rated A-1/P-1, corporate bonds and notes rated AAA or AA, and the State of Arizona Local Government Investment Pool. Investment maturities are scheduled so that maturing principal and interest, plus ongoing, non-investment cash flow, is sufficient to cover projected payroll, operating, and capital expenses as these become payable. Funds available for the day-to-day operation of the City may be invested in authorized investments with a final maturity not exceeding three years from the date of the investment. Monies not related to the day-to-day operation of the City, such as bond proceeds, also may be invested for a maximum of three years with maturities based upon anticipated needs.

Comparison to the Basis of Accounting for the Comprehensive Annual Financial Report (CAFR)

- The structure of City funds is generally the same in the budget and the CAFR. However, because the CAFR uses either a modified accrual or full accrual basis of accounting, there are differences in how revenues and expenses are treated in specific areas.
- Where the General Fund contributes to a special revenue fund, those special revenue funds do not carry an unreserved fund balance because only the amount of General Fund required to cover expenses and obligations are transferred. This treatment is essentially the same in both the budget and the CAFR.
- The budget matches revenues to expenditures in the year expensed for funds other than the General Fund. This may result in differences with the CAFR where a revenue may be received prior to the start of the fiscal year, such as is the case with bond funds and other financing, while the CAFR would report the proceeds in the year received.
- The budget does not record expenditures such as depreciation that are accrued under Generally Accepted Accounting Principles.

DEBT MANAGEMENT POLICY

This policy is a component of the adopted Comprehensive Financial Policies. It has been developed to provide guidelines for the issuance of bonds and other forms of indebtedness to finance necessary land acquisitions, capital construction, equipment, and other items for the City and post-closing follow-up with respect to such financings.

The debt policy is to be used in conjunction with the Adopted Budget, the Capital Improvement Program (CIP) and other financial policies as directed by Mayor and Council. It will assist the City in determining appropriate uses of debt financing, establish debt management goals, provide guidelines that will result in the lowest cost of borrowing for each transaction and assist the City in maintaining its current credit ratings, while assuming a prudent level of financial risk and preserving the City's flexibility to finance future capital programs and requirements.

The City of Tucson uses a variety of financing mechanisms to meet the long-term capital needs of the community. In determining an appropriate indebtedness program for the City, consideration is given to the following:

- Operating and maintenance costs associated with the Capital Improvement Program
- Federal and state laws and regulations, Tucson City Charter, and the Tucson Code
- Current outstanding debt requirements
- Source of debt repayment consistent with the capital project being financed
- Life of the capital project is equal to or greater than the term of the financing
- Proposed debt will not cause extraordinary tax or fee increases
- Proposed debt will not result in limiting the City's ability for future indebtedness

In all cases, the City aggressively manages the debt program, with the assistance of a financial advisor and bond counsel. Restructuring, refinancing, and advance bond refunding are used to limit the City's debt service costs and to provide maximum future borrowing flexibility. The City's debt program includes the following financing mechanisms.

General Obligation Bonds

Bond proceeds are used to finance capital projects for police, fire, parks and recreation, drainage, and other purposes. State law limits the amount of general obligation bonds that may be outstanding to 20% of assessed valuation for utility, open space, public safety, and transportation purposes and 6% of assessed valuation for all other purposes.

General obligation (GO) bonds are backed by the full-faith and credit of the City and are secured by secondary property tax. The Tucson City Charter currently sets an upper primary and secondary property tax limit of \$1.75 per \$100 of assessed valuation as a condition upon the City's continuing ability to impose and collect transaction privilege taxes. Therefore, state laws notwithstanding, the City will not levy a combined primary and secondary property tax that exceeds \$1.75. The City generally issues general obligation bonds with 20 - 30 year maturities.

Street and Highway Revenue Bonds

Bond proceeds are used to finance street improvement projects as defined by state law. State law limits the amount of bonds that can be sold. Prior fiscal year highway user revenue receipts, which are used to pay the bonds, must be equal to at least twice the highest annual debt service requirements for senior lien bonds and at least one and one-half times for junior lien bonds. Street and highway revenue bonds generally have a 20 year maturity.

Water Revenue Bonds and Obligations

Bond proceeds are used to finance capital improvements to the water system. By bond covenant, the City is limited to issuing bonds only if net revenues after operations are equal to at least 120% of the maximum future annual debt service requirement. To maintain a high credit rating and thus decrease borrowing costs, the City

DEBT MANAGEMENT POLICY

maintains 150% - 200% debt service coverage. Water revenue bonds and obligations are generally issued with 20 - 30 year maturities.

Special Assessment Bonds

Bond proceeds are used to finance improvement district projects. These bonds are payable by tax assessments against the benefiting property owners over a ten-year period.

Water Infrastructure Finance Authority (WIFA) Loans

In 1997, Arizona State Legislation increased the powers of the Wastewater Management Authority created in 1989 and permitted additional types of borrowers to access funds through the establishment of the Water Infrastructure Finance Authority (WIFA). A part of this legislation provides WIFA the power to issue bonds to provide low interest rate loans to local governments related to the Clean Water Act. WIFA's funding source includes both Federal and State sources. In order to participate in the WIFA loan program, local governments must have existing bond authorization equal to the loan amount.

Clean Renewable Energy Bonds

In July, 2005, Congress passed the Energy Tax Incentives Act of 2005 (the "Act"). Among a number of other tax incentives, the Act permits state and local governments, cooperative electric companies, clean renewable energy bond lenders and Indian tribal governments to issue 'clean renewable energy bonds' (CREBs) to finance certain renewable energy and clean coal facilities.

CREBs are a new form of tax credit bond in which interest on the bonds is paid in the form of federal tax credits by the United States government in lieu of interest paid by the issuer. CREBs, therefore, provide qualified issuers/qualified borrowers with the ability to borrow at a 0% interest rate. The federal tax benefit to the holder of a CREB is greater than the benefit derived from tax-exempt municipal bonds in that the tax credit derived from a CREB can be used to offset on a dollar-for-dollar basis.

The City began issuing CREBs in Fiscal Year 2009 and will continue to use this financing mechanism to fund the purchase and installation of solar panels for use on city buildings. The bond principal is being repaid from the electricity savings and rebates from Tucson Electric Power.

Non-Bond Debt: Lease Purchases, Certificates of Participation, and Installment Contract Debt

These financing mechanisms are used when the projects involved are unsuitable for traditional bonding or a determination is made that alternative financing has advantages over bonding. The debt requirements for these financing mechanisms are payable from the City's recurring revenues and are subject to annual appropriation by the Mayor and Council. To minimize borrowing costs, the City generally purchases financing insurance and pledges collateral towards the debt repayment. Maturities for these debts range from 1 - 20 years, depending upon the nature of the project being financed.

Bond Sales Forecast

2005 Bond Authorization Sales. In May 2005, the voters approved \$142,000,000 of water revenue bonds for a five-year program of capital improvements to the water system. As of July 1, 2012, the City had sold \$120,830,000 of that authorization. New bond authorization sales are not planned for Fiscal Year 2013. The Tucson Water Utility will instead issue water system revenue obligation bonds in the amount of \$51,651,000 for the acquisition and construction of water system improvements.

Repayment Impact of Bond Sales

General Obligation Bond Debt Service. General obligation bond debt is paid off from the secondary property tax rate, which is determined each year by the levy required to meet the annual debt service divided by the City's projected secondary assessed valuation. For Fiscal Year 2013, the required levy to cover outstanding bonds is estimated at \$28,754,300, an increase of \$3,208,484 from the levy for Fiscal Year 2012. The Fiscal Year 2013 secondary property rate is estimated at \$0.8514 per \$100 of assessed valuation, an increase of \$0.1190 from the Fiscal Year 2012 actual rate of \$0.7324. The actual rate for Fiscal Year 2013 may be higher or lower depending on the final secondary assessed valuation set by Pima County later this summer.

Street and Highway Revenue Bond Debt Service. Street and highway revenue bonds are repaid from state-shared Highway User Revenue Fund receipts. Repayment from this source in Fiscal Year 2013 will be \$17,486,050.

Enterprise Funds Debt Service. Enterprise Fund revenue bonds and other long-term obligations are payable solely from fees, charges for services, or rents paid by users of the service provided.

The repayment of general obligation bonds used for general government purposes and the repayment of street and highway revenue bonds is budgeted in Non-Departmental. The repayment of debt incurred by internal service and enterprise funds is budgeted in their respective departments.

LEGAL REQUIREMENTS

The City's budget is subject to requirements set by the State of Arizona's Constitution and statutes, and the Tucson City Charter.

LEGAL REQUIREMENTS IMPOSED BY THE STATE

Tucson, like all cities in the State of Arizona, is subject to numerous budgetary and related legal requirements. Article IX, Section 20(1) of the Arizona Constitution sets out limits on the City's legal budget capacity. In general, the Mayor and Council cannot authorize expenditures of local revenues in excess of the expenditure limitation determined annually by the State of Arizona's Economic Estimates Commission (EEC). This limitation is based on the City's actual expenditures incurred during Fiscal Year 1980, adjusted to reflect subsequent inflation and population growth. Not subject to this limit are items such as bond proceeds, related debt service, interest earnings, certain highway user revenue funds, federal funds, monies received pursuant to intergovernmental agreements, and state grants which are to be used for specific purposes. Each year the EEC recalculates expenditure limitations for population growth and inflation, using the federal Gross Domestic Product (GDP) index to account for inflationary increases.

The City's limitation amount for Fiscal Year 2013 includes two voter-approved increases to the expenditure base. In November 1981, the voters passed an \$800,000 increase and in November 1987, the voters approved a \$46.9 million permanent increase to the base limitation.

Property Tax Levy Limitation

The Arizona Constitution and Arizona Revised Statutes (ARS) specify a property tax levy limitation system. This system consists of two levies, a limited levy known as the primary property tax levy and an unlimited levy referred to as the secondary property tax levy. The primary levy may be imposed for all purposes, while the secondary levy may be used only to retire the principal and interest or redemption charges on general obligation bonded indebtedness.

Primary Property Tax Levy: There is a strict limitation on how much the City can levy as a primary property tax. The primary property tax levy is limited to an increase of 2% over the previous year's maximum allowable primary levy, plus an increased dollar amount due to a net gain in property not taxed the previous year (ARS §42-17051). Even if the City does not adopt the maximum allowable levy from year to year, the 2% allowable increase will be based on the prior year's "maximum allowable levy." The "net new property" factor is included in the calculation to take into account all new construction and any additional property added to a community due to annexations. The 2% increase applies to all taxable property.

The Arizona State law allows cities and towns to include tort claim reimbursements in the primary tax levy. The property tax revenue represents a reimbursement to the City's Self-Insurance Fund for the actual cost of liability claim judgments paid during the prior fiscal year. The City of Tucson includes this reimbursement in its primary property tax levy.

Secondary Property Tax Levy: The secondary property tax allows the City to levy a property tax for the purpose of retiring the principal and paying interest on general obligation bonds. This levy is referred to as the "unlimited" levy because this property tax may be levied in an amount to make necessary interest payments on, and for the retirement of, general obligation bonds issued by the City.

Not only is the dollar amount of the secondary property tax levy "unlimited," the actual full cash value of property that is used in determining the tax rate can be adjusted by changes in market value without a cap (Article IX, Section 18 and 19, Arizona Constitution). Unlike the primary tax system, which uses a controlled assessment system to determine the tax rate, state laws allow the City to levy the amount of secondary property tax necessary to pay off its general obligation bonds.

LEGAL REQUIREMENTS

Budget Adoption

State law (ARS §42-17101) requires that on or before the third Monday in July of each fiscal year, the Mayor and Council must adopt a tentative budget. Once this tentative budget has been adopted, the expenditures may not be increased upon final adoption. In effect, with the adoption of the tentative budget, the council has set its maximum "limits" for expenditure, but these limits may be reduced upon final adoption.

Once the tentative budget has been adopted, it must be published once a week for at least two consecutive weeks. The tentative budget must be fully itemized in accordance with forms supplied by the auditor general and included in the council meeting minutes.

State law (ARS §42-17104, §42-17105) specifies that the city or town council must adopt the final budget for the fiscal year by roll call vote at a special meeting called for that purpose. The adopted budget then becomes the amount proposed for expenditure in the upcoming fiscal year and shall not exceed the total amount proposed for expenditure in the published estimates (ARS §42-17106). Once adopted, no expenditures shall be made for a purpose not included in the budget, and no expenditures shall be made in excess of the amounts specified for each purpose in the budget, except as provided by law. This restriction applies whether or not the city has at any time received, or has on hand, funds or revenue in excess of those required to meet expenditures incurred under the budget. Federal and bond funds are not subject to this requirement.

Adoption of Tax Levy

State law (ARS §42-17107) governing truth in taxation notice and hearing requires that on or before February 10, the county assessor shall transmit to the city an estimate of the total net assessed valuation of the city, including an estimate of new property that has been added to the tax roll since the previous levy of property taxes in the city. If the proposed primary property tax levy, excluding amounts that are attributable to new construction, is greater than the amount levied by the city in the preceding year, the governing body shall publish a notice of tax increase. The truth in taxation hearing must be held prior to the adoption of the property tax levy.

The tax levy for the city must be adopted on or before the third Monday in August (ARS §42-17151). The tax levy must be specified in an ordinance adopted by the Mayor and Council. The levy is for both the primary and secondary tax.

Budget Revisions

ARS §42-17106 requires that no expenditures be made for a purpose not included in the adopted budget in any fiscal year in excess of the amount specified for each purpose in the budget. The City of Tucson in its annual Budget Adoption Resolution defines "purpose" as a series of departments and offices organized into the following six program categories:

- 1) Elected and Official
- 2) Public Safety/Neighborhood Services
- 3) Operations and Development
- 4) Support Services
- 5) Non-Departmental
- 6) Fiduciary Funds

The departments within a given program category are held accountable for their budget. Each department and the Office of Budget and Internal Audit continuously monitor expenditures. If budget changes are needed, city departments prepare budget change requests that identify the areas to be increased and decreased. The budget office approves these budget change requests; under special circumstances the City Manager or his designee also approves the change requests. If there are major policy or program implications associated with a change, the City Manager may submit it to the Mayor and Council for approval. Once approved, the revised appropriation is entered into the City's financial management system.

ARS §42-17106 permits the Mayor and Council, on the affirmation of a majority of the members at a duly noticed public meeting, to authorize the transfer of funds between program categories if the funds are available so long as the transfer does not violate the state set spending limitations.

LEGAL REQUIREMENTS IMPOSED BY THE CITY CHARTER

Legal requirements of the Tucson City Charter related to limiting property taxes and scheduling of budget adoption are more restrictive than state law.

Property Tax Levy Limitation

Chapter IV, Section 2 of the Tucson Charter sets an upper property tax limit of \$1.75 per \$100 assessed value. Therefore, state laws notwithstanding, the City cannot levy a combined primary and secondary property tax that exceeds \$1.75.

Fiscal Year

The fiscal year of the City begins the first day of July of each year. (Tucson City Charter, Chapter XIII, Section 1)

Submission of the Recommended Budget

The City Charter requires that the City Manager prepare a written estimate of the funds required to conduct the business and affairs of the City for the next fiscal year. This estimate, which is the recommended budget, is due on or before the first Monday in May of each year, or on such date in each year as shall be fixed by the Mayor and Council. (Tucson City Charter, Chapter XIII, Section 3)

Budget Approval

On or before the first Monday in June of each year, or on such date in each year as shall be fixed by the Mayor and Council, the City Manager is required to submit to the Mayor and Council an estimate of the probable expenditures for the coming fiscal year, stating the amount in detail required to meet all expenditures necessary for city purposes, including interest and sinking funds, and outstanding indebtedness. Also required is an estimate of the amount of income expected from all sources and the probable amount required to be raised by taxation to cover expenditures, interest, and sinking funds. (Tucson City Charter, Chapter XIII, Section 4)

Budget Publication and Hearings

The budget has to be prepared in detail sufficient to show the aggregate sum and the specific items allowed for each and every purpose. The budget and a notice that the Mayor and Council will meet for the purpose of making tax levies must be published in the official newspaper of the city once a week for at least two consecutive weeks following the tentative adoption of such budget. (Tucson City Charter, Chapter XIII, Section 5)

Adoption of the Budget and Tax Levy

Under Chapter XIII, Section 13 of the City Charter, any unexpended funds held at the conclusion of the fiscal year, other than funds needed to pay bond indebtedness, are no longer available for expenditure and must be credited against amounts to be raised by taxation in the succeeding fiscal year.

If a budget is adopted after the beginning of the fiscal year, Chapter XIII, Section 13 may bar the expenditure of any money until a budget is in place. The implications of Chapter XIII, Section 13 are two-fold. First, any non-bond related expenditure authority terminates on June 30. Second, since the clear implication of this section is that an adopted budget is necessary to provide expenditure authority, if a budget is not in place on July 1 the City cannot expend funds. To avoid any possible implications of not having a budget in place before the beginning of the fiscal year, it is advised that the Mayor and Council adopt a final budget on or before June 30.

LEGAL REQUIREMENTS

The Mayor and Council are required to hold a public hearing at least one week prior to the day on which tax levies are made, so that taxpayers may be heard in favor of or against any proposed tax levy. After the hearing has been concluded, the Mayor and Council adopt the budget as finally determined upon. All taxes are to be levied or voted upon in specific sums and cannot exceed the sum specified in the published estimate. (Tucson City Charter, Chapter XIII, Section 6, and Ordinance Number 1142, effective 6-23-48)

City Ordinance Setting the Property Tax Rate

On the day set for making tax levies, and not later than the third Monday in August, the Mayor and Council must meet and adopt an ordinance that levies upon assessed valuation of property within the city a rate of taxation sufficient to raise the amounts estimated to be required in the annual budget. (Tucson City Charter, Chapter XIII, Section 7, and Ordinance Number 1142, effective 6-23-48)

¹ The primary property tax levy is limited to an increase of two percent over the previous year's maximum allowable primary levy plus an increased dollar amount due to a net gain in property not taxed in the previous year, such as new construction and annexed property. The primary property tax levy is shown at the estimated maximum amount. The actual maximum amount may be less.

² Increase to the levy rate as reimbursement for Fiscal Year 2011 tort claim payments.

³ Both rates may differ depending on the final actual assessed valuation for the respective purposes.

ADOPTED BY THE
MAYOR AND COUNCIL

June 5, 2012

RESOLUTION NO. 21890

RELATING TO FINANCE; FINALLY DETERMINING AND ADOPTING ESTIMATES OF PROPOSED EXPENDITURES BY THE CITY OF TUCSON FOR THE FISCAL YEAR BEGINNING JULY 1, 2012 AND ENDING JUNE 30, 2013, DECLARING THAT TOGETHER SAID EXPENDITURES SHALL CONSTITUTE THE BUDGET OF THE CITY OF TUCSON FOR SUCH FISCAL YEAR AND DECLARING THAT THE 5 YEAR CAPITAL IMPROVEMENT PROGRAM (CIP) HAS BEEN APPROVED WITH THE FIRST YEAR OF THE CIP BEING ADOPTED AS PART OF THE AFOREMENTIONED BUDGET.

WHEREAS, pursuant to the provisions of the laws of the State of Arizona, and the Charter and Ordinances of the City of Tucson, the Mayor and Council are required to adopt an annual budget; and

WHEREAS, the Mayor and Council have prepared and filed with the City Clerk a proposed budget for the Fiscal Year beginning July 1, 2012 and ending June 30, 2013, which was tentatively adopted on May 15, 2012 and consists of estimates of the amounts of money required to meet the public expenses for that year, an estimate of expected revenues from sources other than direct taxation and the amount needed to be raised by taxation upon real and personal property; and

WHEREAS, due notice has been given by the City Clerk that this tentative budget with supplementary schedules and details is on file and open to inspection by anyone interested; and

WHEREAS, publication of the estimates has been made and the public hearing at which any taxpayer could appear and be heard in favor of or against any proposed expenditure or tax levy has been duly held, and the Mayor and Council are now

convened in special meeting to finally determine and adopt estimates of proposed expenditures for the various purposes set forth in the published proposal, all as required by law;

NOW, THEREFORE, BE IT RESOLVED BY THE MAYOR AND COUNCIL OF THE CITY OF TUCSON, ARIZONA, AS FOLLOWS:

SECTION 1. The Mayor and Council have finally determined the estimates of revenue and expenditures, as set forth in Schedules A, B, C, D, E, and F attached and incorporated herein by this reference, which will be required of the City of Tucson for the Fiscal Year beginning July 1, 2012 and ending June 30, 2013, and such finally determined estimates are hereby adopted as the budget of the City of Tucson for said fiscal year.

SECTION 2. The Purposes of Expenditure and the amount finally determined upon for each purpose, as set forth in this section, are necessary for the conduct of the business of the government of the City of Tucson, and such amounts and purposes shall constitute the adopted Expenditure Plan for the City for the 2013 Fiscal Year:

Section C

Funding Sources

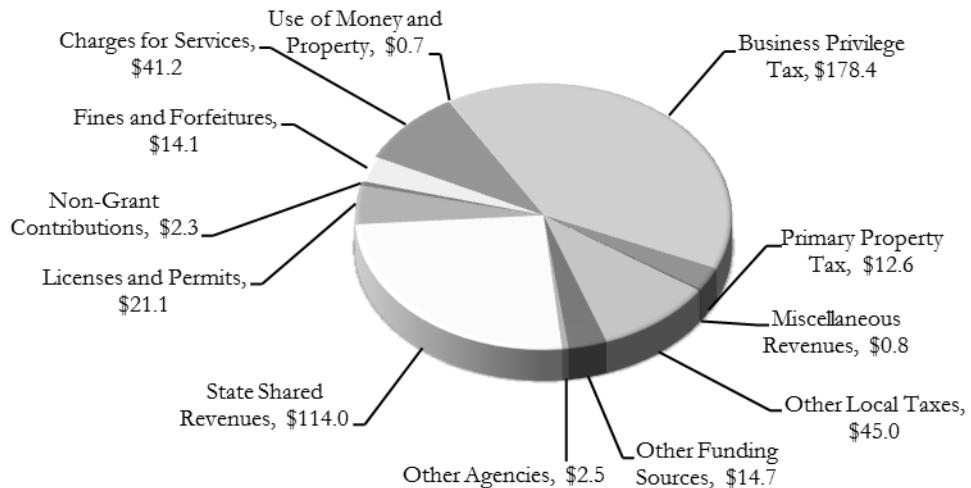

GENERAL FUND

The General Fund is the chief operating fund of a state or local government. All of a government's activities are reported in the General Fund unless there is a compelling reason to report an activity in another fund. Compelling reasons include certain Generally Accepted Accounting Principles requirements, specific legal requirements, or requirements for financial administration.

The City of Tucson's adopted General Fund revenues for Fiscal Year 2013 are \$447.4 million, an increase of \$21.6 million or 5.0% from the Fiscal Year 2012 adopted budget of \$425.8 million.

General Fund Revenues \$447.4 million

CITY BUSINESS PRIVILEGE (SALES) TAX

The Business Privilege Tax is a major source of revenue to the City and accounts for approximately 40% of the anticipated General Fund revenue. Changes in the availability of this resource greatly impact the ability of the City to provide general government services. Since Fiscal Year 2007, the City went through an extended period of declining local sales tax revenue. However, the City is now seeing the gradual return of local sales tax growth. The projected rate of growth from estimated Fiscal Year 2012 revenues to Fiscal Year 2013 is 3.1%, or \$5.4 million, which assumes a slight uptick in local sales tax receipts.

The Tucson City Charter authorizes a 2% tax on taxable business activity transacted within the city limits. The tax is imposed on 15 separate business activities. The charter exempts food purchased for home consumption, but allows the taxation of food consumed in restaurants or carried out. The charter further provides that as long as the city sales tax is imposed, no ad valorem tax shall be imposed on real or personal property within the city in excess of \$1.75 per \$100 of assessed valuation.

GENERAL FUND

PRIMARY PROPERTY TAX

The City imposes a primary property tax on real and personal property located within the city limits. Revenues from the primary property tax can be used to pay any expense legally chargeable to the General Fund.

The Arizona State Constitution limits the amount of ad valorem taxes levied by a city to an amount not to exceed 2% greater than the maximum allowable levy in the preceding year. This levy limitation permits additional taxes to be levied on new or annexed property which may be taxed at the allowable rate computed for property taxed in the preceding year. Property annexed by November 1 will be taxable in the following year. The Fiscal Year 2013 revenues reflect the 2% allowable increase.

The city also applies a state law that allows an increase to the primary property tax levy by the amount of involuntary torts or claims that were paid in Fiscal Year 2011. The involuntary tort levy amount is \$1,051,650, which increases the estimated primary tax rate by \$0.0317 per \$100 of assessed valuation. The additional revenue from the primary property tax increase will be recognized in the Self-Insurance Internal Service Fund.

The estimated primary property tax, including the amount for the tort levy, for Fiscal Year 2013 is \$13,670,900 or \$1.0 million less than the actual levy of \$14,707,820 for Fiscal Year 2012. The tax rate for Fiscal Year 2013 will decrease to \$0.4125 per \$100 of assessed valuation from \$0.4297 for Fiscal Year 2012. The city is required, under the Truth in Taxation law, to notify taxpayers of its intention to increase primary property taxes over the previous year's levy, unless the amount increased is solely attributable to new construction and annexations. However, due to the net decrease in Fiscal Year 2013, this notification was not required.

GENERAL FUND

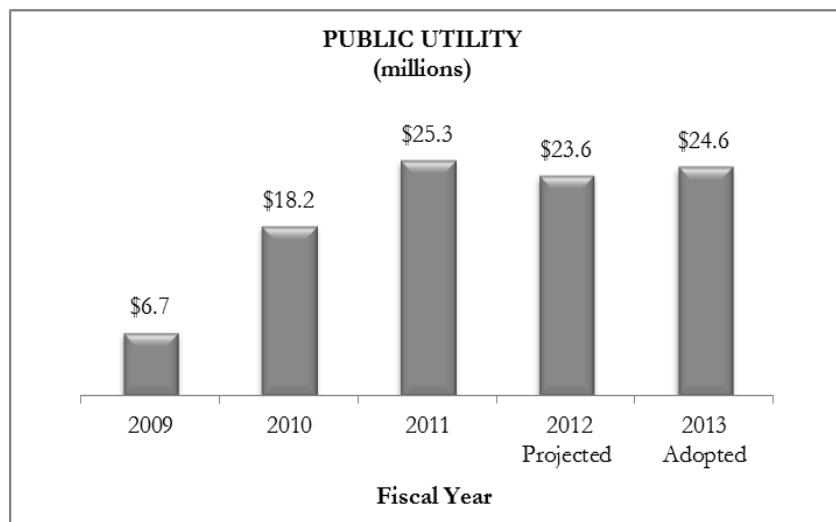

PUBLIC UTILITY TAX

The Tucson City Charter authorizes a tax on the gross sales by public utilities and telecommunication providers that operate without a franchise to consumers within the city limits. The City changed the tax rate paid from 2% to 4% beginning in Fiscal Year 2010. The tax is paid monthly on gross income with a provision allowing credit against the public utility tax for any franchise fees paid to the City. The public utility tax is in addition to the 2% city sales tax.

Under the terms of voter-approved franchises granted to Tucson Electric Power and Southwest Gas for use of public rights-of-way, the city collects 2.25% on gross sales of electricity and 3.0% on natural gas consumed within the city (1.5% is set aside for utility relocation reimbursements). Franchise fee payments received from Tucson Electric Power and Southwest Gas reduce the public utility tax due from them.

Monies received from public utility taxes and utility franchise fees can be used to pay any expense legally chargeable to the General Fund.

Estimated revenues from public utility taxes for Fiscal Year 2013 total \$24.6 million. The forecast assumes a 4.2% growth from Fiscal Year 2012 estimated revenues of \$23.6 million.

OTHER LOCAL TAXES

Other local taxes that the City imposes include use, transient occupancy, room, occupational, liquor and excise. The use tax applies when goods are purchased from a retailer who does not collect sales tax. The Tucson City Code authorizes a 6% transient occupancy tax on rooms rented for 30 days or less. In addition to the transient occupancy tax, there is a daily hotel/motel surtax of \$2.00 per rented room.

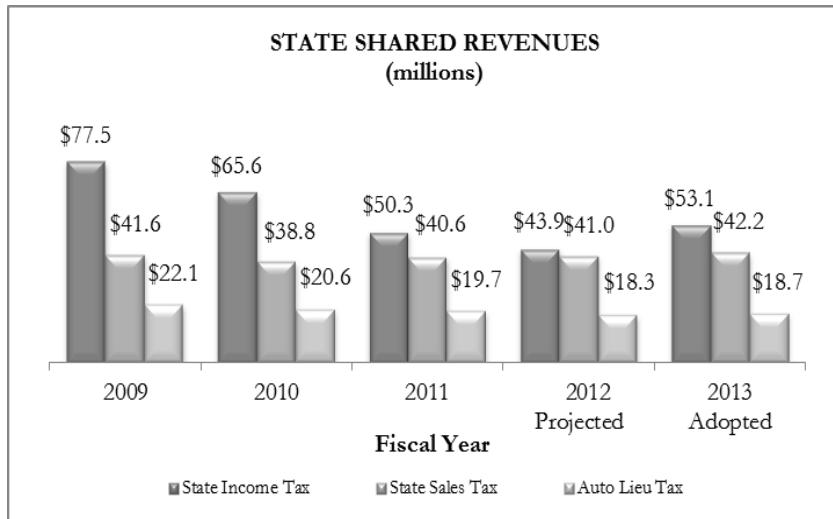

Estimated revenues from other local taxes not including public utility tax for Fiscal Year 2013 total \$20.4 million. The forecast assumes a 2.0% growth from Fiscal Year 2012 estimated revenues of \$20.0 million.

GENERAL FUND

STATE SHARED REVENUES

Cities and towns in Arizona receive a portion of revenues collected by the State of Arizona. The allocations for these revenues are primarily based on U.S. Census population figures. The three state-shared revenues represent 26% of the General Fund budget. Revenues from these sources can be used for any general government activity.

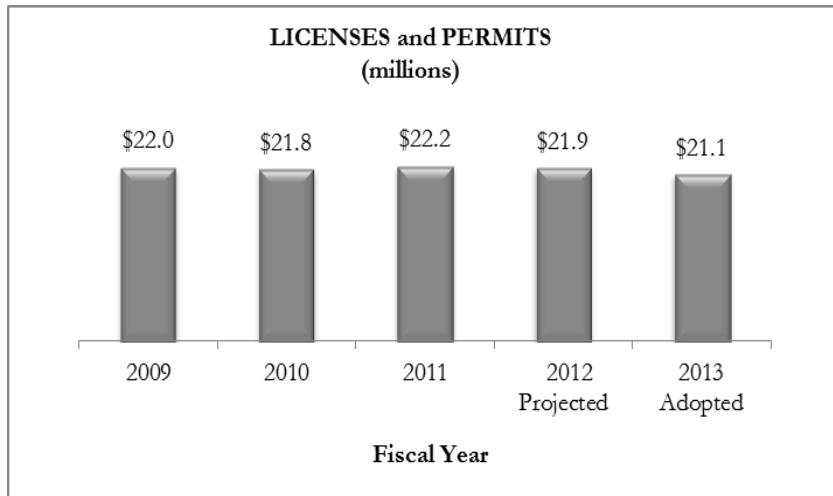

For Fiscal Year 2013, the projected state-shared revenues are \$114.0 million, representing a 10.5% increase from the \$103.2 million estimate for Fiscal Year 2012. An almost \$10 million increase in state income tax is attributable to the impact the economy has had on taxpayers. For example, home foreclosures have eliminated the taxpayers' ability to claim mortgage interest deductions from their adjusted gross incomes which has increased income tax collections.

LICENSES and PERMITS

Licenses and Permits revenues include revenue from various business licenses and sign and miscellaneous permits. For Fiscal Year 2013, the projected licenses and permits revenues are \$21.1 million, representing a 3.8% decrease from the \$21.9 million estimate for Fiscal Year 2012.

The loss of \$2.0 million in cable television license fees will potentially be partially offset by the collection of a newly-implemented alarm fee.

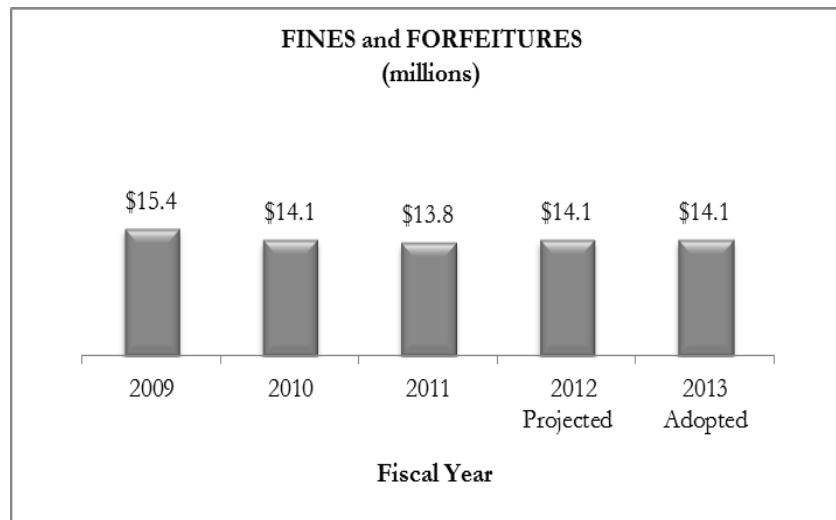

GENERAL FUND

FINES and FORFEITURES

This revenue is derived from fines for violations of state statutes and the Tucson City Code, and from forfeitures collected by the Tucson Police Department and the City Attorney. Fines include driving under the influence and other criminal misdemeanors, civil traffic violations, and parking violations.

Fines and penalty revenues are accounted for in both the General Fund and the Special Revenue Funds. Forfeitures, which are accounted for in the General Fund, are restricted for specific law enforcement expenses.

The proposed Fiscal Year 2013 revenues are projected to be slightly less than Fiscal Year 2012 estimated revenues.

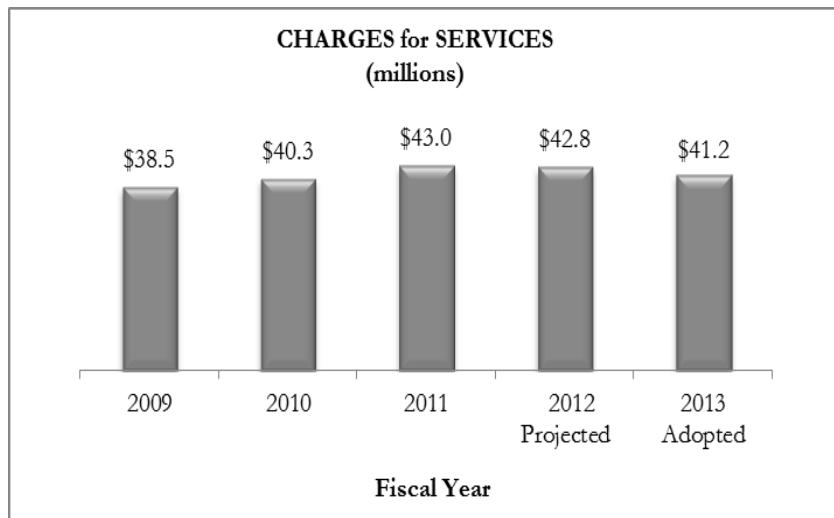

CHARGES for SERVICES

City departments may charge fees for a certain level of cost recovery. The Planning and Development Services Department charges fees for permits and inspections, project planning and review, and zoning. The Fire Department charges fees for services provided for emergency medical transport and fire inspections. The Parks and Recreation Department has fees for admission to the zoo, recreational programs and classes. Included in the Charges for Services is an administrative charge to the Enterprise Funds. This charge covers the cost of General Fund support services provided to the business-type activities of the City.

In Fiscal Year 2013, charges for services are projected to decrease approximately \$1.5 million from estimated Fiscal Year 2012. The major decrease is the loss of revenue from the administrative charge to enterprise funds of \$1.8 million that was previously charged to the Highway User Revenue Fund; this charge has been suspended for Fiscal Year 2013. A decrease in project planning and review fees is also projected due to the permitting of significant construction projects during the prior fiscal year. These charges for services decreases will be partially offset by an increase of zoo admission revenues due to the completion of the Expedition Tanzania expansion and additional revenues for Police impoundment fees and special duty program.

GENERAL FUND

The following graph illustrates the City of Tucson charges for services over five years.

USE of MONEY and PROPERTY

Revenues in this category include earnings from the leasing of City property and interest earnings. The Finance Department invests funds that are available but not needed for immediate disbursement. Interest earnings are anticipated to slightly decrease. Rentals and lease revenues have been increased due to the contract with the University of Arizona for the use of Hi Corbett Stadium.

OTHER AGENCIES

Revenues in this category come from Intergovernmental Agreements with other jurisdictions (e.g., Pima County for animal services fees collected on behalf of the City, contract for fire services with the University of Arizona).

NON-GRANT CONTRIBUTIONS

Revenues in this category are from miscellaneous contributions. The major source of revenue in this category is from a federal subsidy to investors equal to 35% of the interest payable by the issuer of Qualified Energy Conservation Bonds (QECBs) and Build America Bonds (BABs). The City projects to receive \$1.2 million from the subsidy to offset the debt service interest payments.

The other major source of revenue in this category is from Arizona's Counter Narcotics Alliance (CNA) which is a multi-jurisdictional drug task force that consists of 18 participating agencies. CNA reimburses the City for expenditures related to drug enforcement.

MISCELLANEOUS REVENUES

Revenues in this category include the sale of property, recovered expenditures and other miscellaneous funds. The Open Space Contributions were reported in the General Fund in prior years but have been transferred to the Civic Contribution Fund which is a Special Revenue Fund. The revenues are projected to decrease from Fiscal Year 2012 estimate of \$0.9 million to \$0.8 million due to the conservative projection of revenues to be received from pCard rebates.

GENERAL FUND

OTHER FUNDING SOURCES

Other Funding Sources is the category in which current financial resources are reported separately from standard operating revenues to avoid distorting revenue trends. For Fiscal Year 2013, the other financial resources are in lieu of taxes, refunding proceeds, and use of fund balance.

Municipal-owned utilities are exempt from property taxes. In order to compensate the City for the lost property tax revenues, the City imposed an in lieu of tax on the Tucson Water Utility Fund which is projected to bring \$1.6 million into the General Fund for Fiscal Year 2013.

Refunding proceeds are those used to repay previously issued debt and related issuance costs. If necessary for deficit mitigation, the City will refinance its COPs principal payments due June 30, 2013. These payments will be deferred to future years.

Unrestricted fund balance will be used as necessary for deficit mitigation.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for the proceeds of several revenue sources that are restricted to expenditures for specified purposes. Included in this category are the Mass Transit Fund, Highway Revenue User Fund (HURF), ParkWise Fund, and Tucson Convention Center (TCC) Fund. Also included are revenues and expenditures for Federal and State Grants, Development Fees, and Capital Projects.

MASS TRANSIT FUND

The Mass Transit Fund records the revenues generated and expenditures made in order to run the public transportation program for the City. Revenues include fare box receipts; operating assistance from the Regional Transportation Authority (RTA), Pima County and other local jurisdictions; and other miscellaneous revenues. The Fiscal Year 2013 fare box and pass sale revenues of \$14.5 million have been budgeted at an increase of \$1.3 million from Fiscal Year 2012 estimated of \$13.2 million due to an assumed increase in ridership. The City received a federal Transportation Investment Generating Economic Recovery (TIGER) grant and is projecting to use \$30.5 million of this funding in Fiscal Year 2013 to continue the construction of a modern, high-capacity streetcar system. The State of Arizona distributed a portion of the revenues from the Local Transportation Assistance Fund (LTAF) to cities and towns during Fiscal Year 2012 before sweeping the remaining funds to help offset the State's budget deficit; there are no LTAF revenues projected for Fiscal Year 2013.

The General Fund transfer to the Mass Transit Fund is increasing by \$0.9 million from \$39.5 million estimated in Fiscal Year 2012 to the projected \$40.4 million in Fiscal Year 2013. The increase is primarily due to bus replacement purchases and projected higher fuel costs.

TUCSON CONVENTION CENTER FUND

The Tucson Convention Center Fund is used for the operations of the convention center. Revenues include room and space rental, box office fees, parking fees, and other miscellaneous revenues. Projected revenues of \$6.9 million for Fiscal Year 2013 are anticipated to decrease from the estimated Fiscal Year 2012 revenues of \$9.1 million. The decrease is the reduction of the General Fund transfer to cover the rent payment made to the Rio Nuevo Multipurpose Facilities District which is tied to the annual Rio Nuevo certification of participation payments.

HIGHWAY USER REVENUE FUND

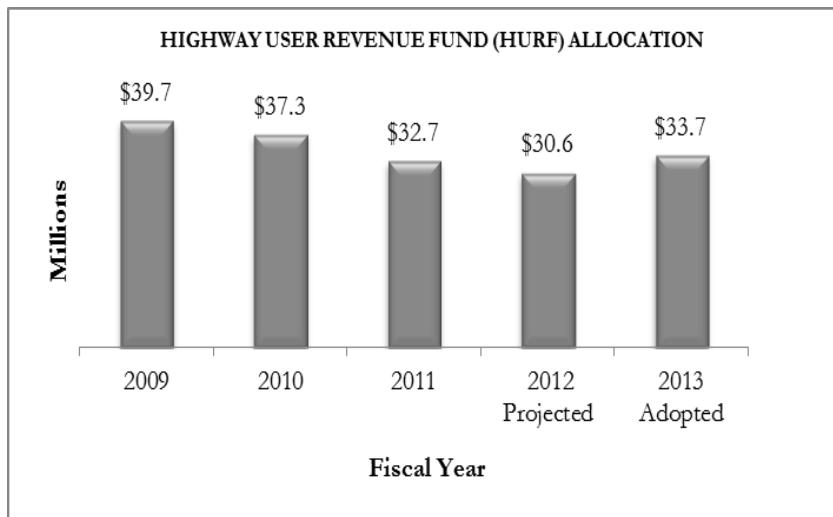

The HURF revenues are generated from the state-collected gasoline tax. Currently, the gas tax is levied at a rate of \$0.18 per gallon and distributed to cities and towns under two formulas. The first formula deposits \$0.13 of the \$0.18 in a fund from which 30% is allocated to cities and towns. One-half of the monies received under this formula are distributed on the basis of population and the remaining half of the monies are distributed on the basis of "county of origin" of gasoline sales. This portion is then allocated in relation to the population of all incorporated cities and towns in the county.

The HURF revenues are restricted solely for street and highway purposes. Eligible activities for HURF revenues include rights-of-way acquisitions, street construction, maintenance and improvements and for debt service on highway and street bonds. HURF revenues are projected to increase \$3.1 million from the Fiscal Year 2012 estimate of \$30.6 million to the Fiscal Year 2013 projected \$33.7 million. The increase is attributable to the State of Arizona reinstating a portion of the distribution to cities and towns from the money that was given to the Department of Public Safety as part of the State of Arizona's budget deficit mitigation.

The Mayor and Council approved the restructuring or refinancing of the Street and Highway principal debt service payment for Fiscal Year 2013. The funds that would have paid the principal debt service payment will be programmed for 9.56 centerline miles of pavement preservation of arterials and intersections.

SPECIAL REVENUE FUNDS

The following graph shows the amount of state-shared HURF revenues received and anticipated by the City. It reflects an approximate 15% reduction since Fiscal Year 2009.

PARKWISE FUND

The ParkWise Fund is used to account for the operations of the City's parking garages, parking lots and parking meters. The projected parking revenues of \$1.9 million for Fiscal Year 2013 are anticipated to increase \$0.1 million from Fiscal Year 2012 estimated revenues of \$1.8 million. This Fund and its expenditures will be monitored regularly during the fiscal year and adjustments will be made as necessary.

CAPITAL IMPROVEMENT FUND

The Capital Improvement Fund accounts for capital projects that are financed by Certificates of Participation (COPs) or are reimbursed by governmental agencies such as Pima County and Pima Association of Governments (PAG). Typical projects to be reimbursed by other agencies are street and highway and park improvements. In Fiscal Year 2013, the capital projects funded by COPs issued in prior years are the replacement bleachers for the Tucson Convention Center, replacement of escalators and elevators at various city buildings, and technology improvements.

CIVIC CONTRIBUTION FUND

The Civic Contribution Fund accounts for any monetary contributions from individuals or organizations for a specific purpose. Projected contributions to be expended during Fiscal Year 2013 include those for the Fire Department, Police Department, Parks and Recreation Department, and Tucson Convention Center.

COMMUNITY DEVELOPMENT BLOCK GRANT FUND

The Community Development Block Grant (CDBG) Fund accounts for funds received from a federal program administered by the U.S. Department of Housing and Urban Development (HUD) which furnishes grant funds to local and state governments to develop viable urban communities by providing decent housing and expanding economic opportunities for low- and moderate-income residents. For Fiscal Year 2013, the projected use of CDBG funding is anticipated to decrease \$3.1 million from the Fiscal Year 2012 estimate of \$13.7 million to \$10.6 million. The reduction is primarily due to the ending of one-time American Recovery and Reinvestment Act (ARRA) grants known as CDBG Recovery and Neighborhood Stabilization Program 2.

SPECIAL REVENUE FUNDS

DEVELOPMENT FEE FUND

The Development Fee Fund accounts for the capital projects which are funded by impact fees. Impact fees are charged to new development as a means of paying for the facilities and infrastructure needed to serve that development. The City of Tucson currently assesses impact fees for water, roads, parks, police, fire, and public facilities. The impact fees for water are accounted for in the Tucson Water Utility Fund. Three of the major projects to be funded with development fees for Fiscal Year 2013 include the expansion of the 911 Communications Center for \$4.4 million, the design and construction of Speedway from Camino Seco to Houghton for \$3.0 million and land acquisition and construction of Phase 1 of the Valencia Corridor Community Park for \$1.4 million.

Projects funded by development fees may be found in Section E, Capital Improvement Program.

MISCELLANEOUS HOUSING GRANT FUND

The Miscellaneous Housing Grant Fund accounts for grants from HUD. The fund includes several grants for homeless activities, supportive services grants for public housing residents, and other smaller or non-recurring HUD grants. The fund also accounts for the Lead Hazard Control Program that reduces lead-based paint hazards to help meet the goal of eliminating childhood lead poisoning.

The revenues in the Miscellaneous Housing Grant Fund are anticipated to decrease \$0.6 million in Fiscal Year 2013 from the Fiscal Year 2012 estimated revenues of \$5.3 million. The decrease is mainly due to the ending of a one-time American Recovery and Reinvestment Act (ARRA) grant known as Homeless Prevention and Rapid Re-Housing Program. The City budgeted and competed for its second Lead Hazard Control Program grant for Fiscal Year 2012 unsuccessfully; however, the City competed again and on March 23, 2012, the Department of Housing and Urban Development announced a three-year \$2.4 million grant award to help reduce or eliminate lead exposure in more than 210 households within the City limits. In Fiscal Year 2013, the City anticipates using \$0.8 million of this grant.

PUBLIC HOUSING SECTION 8 FUND

The Public Housing Section 8 Fund accounts for the federally-funded program that offers affordable and safe housing for low-income families and individuals. Tenants are required to pay rent in the amount of no more than 30% of their income, and federal money pays the balance of the rent to the landlord.

The estimated revenue in Fiscal Year 2012 is \$37.9 million and Fiscal Year 2013 is anticipated to only slightly increase by \$0.2 million to \$38.1 million.

HOME INVESTMENT PARTNERSHIPS PROGRAM FUND

The HOME Investment Partnerships Program is a U.S. Department of Housing and Urban Development entitlement grant program used to strengthen public-private partnerships and to expand the supply of decent, safe, sanitary, and affordable housing, with primary attention to rental housing, for very low-income and low-income families.

Projected revenues for Fiscal Year 2013 are \$6.6 million, a slight increase of \$0.3 million from prior year estimate of \$6.3 million due to timing of multi-year housing construction projects.

OTHER FEDERAL GRANTS FUND

The Other Federal Grants Fund accounts for miscellaneous federal grants that are not accounted for in the Mass Transit Fund, Enterprise Funds or any of the Housing Funds. The grants are awarded by federal agencies such as Department of Justice, Department of Energy, Department of the Interior, Department of Homeland Security, National Highway Traffic Safety Administration, and the Federal Highway Administration. This fund also accounts for federal grants the City has already received under the American Recovery and Reinvestment Act (ARRA). City departments apply for federal grants that enhance the department's mission in providing services to the community.

SPECIAL REVENUE FUNDS

In Fiscal Year 2013, anticipated miscellaneous federal grant revenue is increasing from an estimated \$19.2 million in Fiscal Year 2012 to \$28.7 million. The increase is mainly due to the \$4.1 million for the hiring of police officers under the Community Oriented Policing Services (COPS) grants awarded to the Tucson Police Department by the Department of Justice. The Tucson Police Department has also included \$1.8 million from the award of the Edward Byrne Memorial Justice Assistance Grant (JAG) Program Grant which allows states and local governments to support a broad range of activities to prevent and control crime and to improve the criminal justice system. The Tucson Fire Department applied for the Staffing for Adequate Fire and Emergency Response (SAFER) Grant. The grant would cover the salary and benefits of new recruits for two years. In anticipation of a grant award, \$2.5 million is included in Fiscal Year 2013.

The Transportation Department will be completing the ARRA grant received for road resurfacing. The City also received an Early Retiree Reinsurance Program (ERRP) grant which is included in General Government for \$0.9 million in Fiscal Year 2013.

NON-FEDERAL GRANTS FUND

Non-Federal Grants Fund accounts for grants awarded from governments other than the federal government. Most grants recorded in this fund are awarded from the State of Arizona.

In Fiscal Year 2013, anticipated miscellaneous grant revenue is decreasing \$2.2 million from an estimated \$4.7 million in Fiscal Year 2012 to \$2.5 million. The decrease is mainly due to discontinuation of the First Things First Childcare Grant to expand the infant/toddler care facilities and scholarships for child care for the Housing and Community Development Department.

REGIONAL TRANSPORTATION AUTHORITY FUND

The Regional Transportation Authority (RTA) Fund accounts for the capital projects approved with funding from the Regional Transportation Authority. The RTA plan is funded by a countywide transaction 1/2-cent sales tax which is collected by the State of Arizona. The state, in turn, transfers the collected funds to a regional transportation fund account. The tax may be collected for a maximum period of 20 years.

Revenues are increasing \$4.0 million in Fiscal Year 2013 to \$86.7 million from the Fiscal Year 2012 estimate of \$82.7 million. The Transportation Department will be undertaking design and improvements along major arterial and collector roadways within the City of Tucson. The improvements will include street widening, storm drains, sidewalks, street lighting and landscaping.

ENTERPRISE FUNDS

Enterprise Funds are used to account for certain operations that provide services to the general public for a fee. The City of Tucson's Enterprise Funds are established to set fees or charges to recover the cost of providing services, including capital costs. The Enterprise Funds may also issue debt backed solely by the fees and charges of the funds.

TUCSON WATER UTILITY

The Tucson Water Utility is committed to ensuring that customers receive high quality water. To provide this service, the Utility has a variety of fees. The fees include potable water sales, water conservation fees, reclaimed water sales, connection fees and other miscellaneous operating revenues. Non-operating revenues include interest earnings, reimbursement from the Tucson Airport Remediation Project, equity fees and miscellaneous state and federal grants.

The Citizens' Water Advisory Committee (CWAC) recommended and the Mayor and Council approved specific water rate changes for Fiscal Year 2013. The potable water sales revenue is projected to increase by \$7.8 million (an additional 5.9%) over Fiscal Year 2012 estimated and reclaimed water sales are projected to increase by \$0.8 million (an additional 7.3%). Water service charges are projected to be \$0.2 million greater than the Fiscal Year 2012 estimate or an 8.0% increase.

The Tucson Water Department issues Water Revenue System Obligations to provide funds for the acquisition and construction of water system improvements. Revenue System Obligations are loaned to a utility by its guarantee of repayment solely from revenues generated by the utility rather than from a tax. Mayor and Council approval is needed to issue this type of debt obligation.

The Tucson Water Department will be using obligation bonds for the design and construction of an advanced oxidation process treatment plant for \$10.4 million, and for multiple water system improvement projects.

In 1997, Arizona State Legislation increased the powers of the Wastewater Management Authority created in 1989 and permitted additional types of borrowers to access funds through the establishment of the Water Infrastructure Finance Authority (WIFA). A part of this legislation provides WIFA the power to issue bonds to provide low interest rate loans to local governments related to the Clean Water Act. WIFA's funding source includes both Federal and State sources. In order to participate in the WIFA loan program, local governments must have existing bond authorization equal to the loan amount.

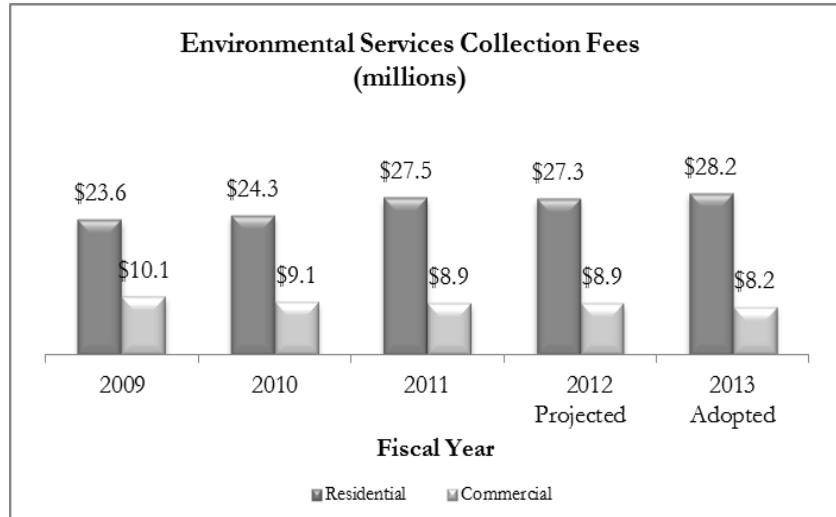

ENTERPRISE FUNDS

The Tucson Water Department will use the WIFA funding for the Southern Avra Valley Reservoir and Booster Station for \$4.9 million; and, as part of the Southern Avra Valley Storage and Recovery project, install collector pipelines for \$3.6 million.

ENVIRONMENTAL SERVICES FUND

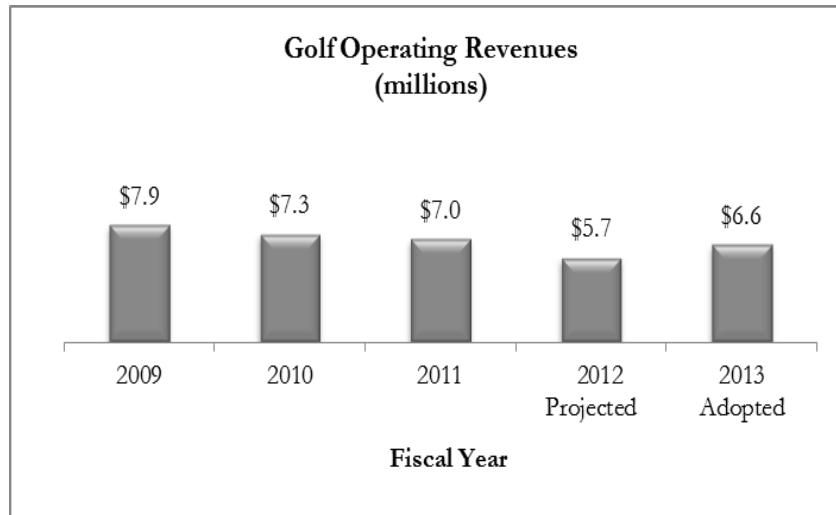

Environmental Services provides Tucson citizens and businesses with refuse and recycling trash collection and waste disposal services. The department operates the city's landfill in compliance with State and Federal regulations and administers the city's Environmental Compliance and Brownfields programs as well as the Household Hazardous Waste program with Pima County.

Overall revenues collected for Fiscal Year 2013 are projected to be slightly higher than Fiscal Year 2012 estimated.

TUCSON GOLF COURSE FUND

The Tucson Golf Course Fund operates five golf courses throughout the city: El Rio, Randolph, Dell Urich, Fred Enke and Silverbell. The revenues funding the golf operations include golf fees, cart rental, driving range and pro shops. For Fiscal Year 2013, the projected revenues are anticipated to increase from Fiscal Year 2012 estimated budget due to a rise in the number of rounds being played at the golf courses.

ENTERPRISE FUNDS

PUBLIC HOUSING (AMP) FUNDS

Public housing provides decent and safe rental housing for eligible low-income families, the elderly, and persons with disabilities. The City of Tucson owns and manages 1,505 public housing units located throughout the city. The public housing unit portfolio includes elderly/disabled high-rises, multi-unit housing complexes, and scattered site single family homes.

The AMP Fund is projecting federal grant funding to remain relatively flat from the estimated Fiscal Year 2012 through Fiscal Year 2013. The Charges for Other Services is decreasing from the Fiscal Year 2012 estimate of \$0.6 million due to one-time revenue for developer fees.

DEBT SERVICE FUNDS

Debt Service Funds are used to account for the accumulation of resources for and the payment of, general long-term debt principal and interest which are not serviced by the General, Special Revenue and Enterprise Funds. It does not include contractual obligations accounted for in the individual funds.

GENERAL OBLIGATION BOND and INTEREST FUND

General Obligation bonds are a form of long-term borrowing in which the City issues municipal securities and pledges its full faith and credit to their repayment. Bonds are repaid over many years through semi-annual debt service payments. The City levies a property tax for the purpose of retiring the principal and paying interest on the general obligation bonds.

The city's total estimated debt service requirement on general obligation bonds for Fiscal Year 2013 is \$28,754,300, an increase of \$3,208,484 from the Fiscal Year 2012 actual levy of \$25,545,816. The secondary property tax rate for Fiscal Year 2012 was \$0.7324 per \$100 valuation. For Fiscal Year 2013, the adopted secondary property tax rate is \$0.8514 per \$100 valuation.

STREET and HIGHWAY BOND and INTEREST FUND

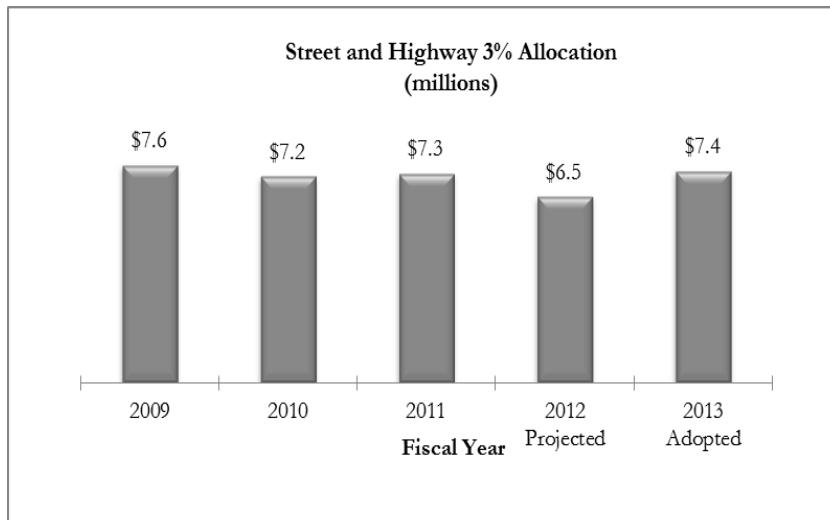

Street and Highway special revenue bonds are issued specifically for the purpose of constructing street and highway projects. These bonds require voter approval and are secured by gasoline tax revenues collected by the State of Arizona. The State's current distribution formula provides that 50.5% be retained in the state highway fund, 19% be distributed to counties, 27.5% be distributed to all incorporated cities and towns, and a final 3% be distributed to cities with a population greater than 300,000.

The City designates the 3% allocation to the repayment of the principal and interest on the Street and Highway revenue bonds. If the amount received is not sufficient to cover the debt service payments, then an operating transfer from the HURF Fund to the debt service fund is made to cover the difference.

For Fiscal Year 2013, the highway user revenues collected by the State are projected to increase from the prior fiscal year mainly due to the elimination of the sweep of funds to the State's Motor Vehicle Division. The projected amount for Fiscal Year 2013 is \$7.4 million, or an 18.7% increase from the prior year estimate of \$6.2 million. The City plans to refund or refinance the Street and Highway bond principle debt service payment to free up funds in order to mill and overlay 9.56 centerline miles of arterials and intersections during the fiscal year.

DEBT SERVICE FUNDS

The following graph shows the amount of state-shared 3% HURF Allocation revenues received and anticipated by the City. It reflects over a 2.6% reduction since Fiscal Year 2009.

SPECIAL ASSESSMENT BOND and INTEREST DEBT SERVICE FUND

Special Assessment bonds are issued by the City on behalf of improvement districts created for a specific purpose, such as to finance local street paving, street lighting, or sidewalk improvements. Property owners in the designated districts are proportionately assessed for the principal and interest costs of repaying bonds. The City, as trustee for improvement districts, is responsible for collecting the assessments levied against owners of property within each improvement district and for disbursing these amounts to retire the bonds issued to finance the improvements. In the event of default (non-payment) by the property owner, the City may enforce auction sale of the property to satisfy the debt service requirements of the special assessment bonds. The City of Tucson administers special improvement districts in accordance with the provisions of Arizona Revised Statutes Chapter 4 of Title 48 which governs these types of taxing districts.

The City invoices the property owners twice a year, during the fall and spring of the calendar year. The monies received are used to pay the debt service on the bonds.

CAPITAL PROJECTS FUNDS

Funds for capital projects are created to account for the purchase or construction of major capital facilities which are not financed by General, Special Revenue, or Enterprise Funds. Voter-authorized bonds are the source of funds in this group. Proceeds from bond sales are reflected in the year that they are expended, not at the time of issuance. Details on capital projects may be found in Section E, Capital Improvement Program.

2000 GENERAL OBLIGATION FUND

The 2000 General Obligation Fund accounts for capital projects that are financed by General Obligation bonds approved by the city voters at a special bond election held on May 16, 2000. The voters authorized \$129.5 million in bonds that were issued for the purpose of providing funds for construction of park and library improvements, street lighting and sidewalk improvements, construction of drainage facilities' improvements, public safety improvements, environmental safety improvements, and paying the costs of issuance of the bonds. The City only issues an adequate amount of bonds to meet current capital needs.

The Parks and Recreation Department has programmed \$0.5 million of general obligation and interest earnings for capital projects such as the Lincoln Park Area Maintenance Center, the Grijalva School Park, and several other projects. The Transportation Department has programmed \$0.6 million on several drainage improvement projects.

Details on projects funded by the 2000 General Obligation Fund may be found in Section E, Capital Improvement Program.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department to other departments of the City or to other governments on a cost reimbursement basis. The City's internal service funds include Fleet Services; General Services for facilities maintenance, communications and architects and engineering; and Self Insurance for property and public liability, workers' compensation, and the safety and wellness programs.

FLEET SERVICES INTERNAL SERVICE FUND

Fleet Services meets the transportation needs of other City departments by providing vehicle and equipment preventive maintenance and repair services; administering vehicle fuel operations; managing vehicle and equipment acquisition, preparation, and disposal; and operating a city motor pool. Fleet Services charges other City departments for the services provided. For Fiscal Year 2013, the anticipated interdepartmental charges of \$25.8 million are projected to increase by \$1.3 million from estimated Fiscal Year 2012 of \$24.5 million primarily due to the anticipated increase to future fuel costs. Increased interdepartmental charges also reflect the potential increase in repair costs due to the lack of vehicle replacement funds citywide. Without a proactive vehicle replacement plan, the City's fleet is aging and becoming more costly to maintain.

GENERAL SERVICES INTERNAL SERVICE FUND

The General Services Internal Service fund provides architecture and engineering services, communication services, and facility maintenance for other City departments. The architects and engineering services provide project management. The Facilities Management Division provides well-managed, efficient and healthy environments in all City of Tucson owned and/or leased properties.

The interdepartmental charges are projected to remain stable at \$18.5 million from the Fiscal Year 2012 estimated to the projected Fiscal Year 2013 amount.

SELF INSURANCE FUND

The Self Insurance Fund is used to finance the City of Tucson's risk management program. Revenue to this fund is primarily derived from charges to other City departments. The related fund activity includes unemployment claims, workers' compensation claims, public liability claims, employee safety and wellness programs, hazardous waste management (spill program), and specified environmental remediation. The charges to other City departments are dependent on the department claim cost and the expenses (insurance, legal, medical, and administrative cost) related to the risk management program.

In Fiscal Year 2013, the City will continue to include tort claim reimbursements in the primary tax levy as allowed by state law. The property tax revenue represents a reimbursement to the City's Self Insurance Fund for the actual cost of liability claim judgments paid during Fiscal Year 2011. The amount levied for the tort liability reimbursement will be \$1,051,650, a \$0.0317 property tax increase per \$100 assessed value.

The City has built in capacity for a portion of the proceeds from a possible settlement from a claim in the W.R. Grace Bankruptcy case for property damages caused by the use or sale of products containing asbestos. This revenue would be used to fund attorney fees owed as a result of the lawsuit proceedings.

FIDUCIARY FUNDS

These funds are used to account for assets held by the City in a trustee capacity or as an agent of individuals, private organizations, other governments and/or other funds.

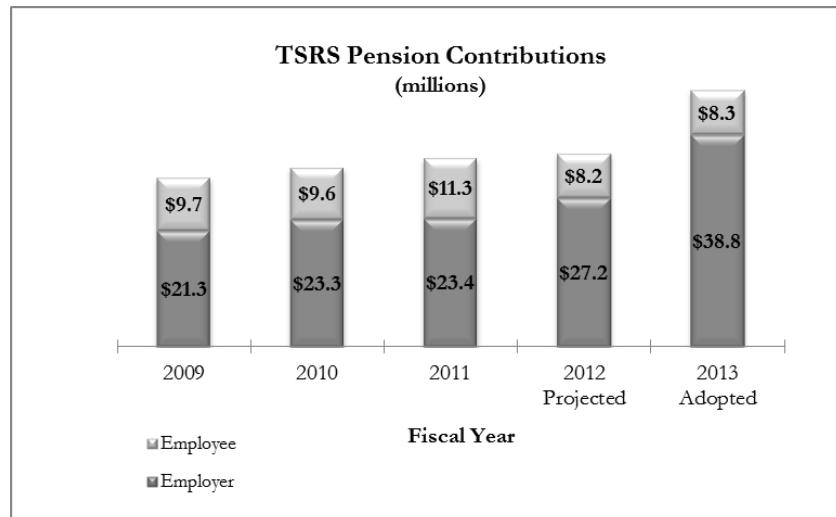

TUCSON SUPPLEMENTAL RETIREMENT SYSTEM

The Tucson Supplemental Retirement System (TSRS) was established in 1953 to provide retirement, survivor, and disability benefits for eligible city employees. Substantially all full-time and certain part-time employees, with the exception of those covered by the Arizona Public Safety Personnel Retirement System or the Elected Officials Retirement Plan of Arizona, are covered by TSRS.

For Tucson Supplemental Retirement System employees hired prior to July 1, 2006, the employee contributes 5% of their annual covered payroll through bi-weekly payroll deductions. Employees hired after June 30, 2006, contribute 40% of the total required rate calculated annually by the system actuary with future changes to employee contribution rates limited to a maximum annual increase not to exceed 2.5% of annual salary.

Tucson Supplemental Retirement System employees hired after June 30, 2011 are provided with a modified pension program (or pension “tier”) that establishes age 60 as the minimum age required for retirement eligibility after 20 years of credited service; requiring 85 points for eligibility (previously 80 points); normal retirement age of 65 (previously age 62); and reducing the pension benefit formula to 2.0% per year of credited service (previously 2.25% per year). In addition, the pension calculation for this tier will exclude service credits and average final pay associated with the members accrued unused sick and vacation leave pay at retirement (these elements are included for employees hired on or before June 30, 2011). The contribution rate for the new tier will remain at 40% of the recommended rate for TSRS by the System’s actuary.

In Fiscal Year 2013, the City financed portion of the contribution rate is 28.77% up from the Fiscal Year 2012 rate of 23.57%. This increase in contribution rate is due to the losses on assets as well as overall demographic losses experienced by the plan. The Fiscal Year 2013 employer contribution rate is projected to be 29.94% for the employees hired before June 30, 2006 and 20.96% for those employees hired after June 30, 2006.

DEPARTMENT MEASURES of PERFORMANCE

| | Actual FY 2011 | Adopted FY 2012 | Estimated FY 2012 | Adopted FY 2013 |
|---|---------------------------|----------------------------|------------------------------|----------------------------|
| Clearance Rate: measures new filing of charges against charges disposed within a specific time period. Indicates whether caseload is expanding or contracting. Goal: 100% clearance rate. | | | | |
| • Criminal Charge Clearance Rate | 237% | N/A | 100% | 100% |
| • Civil Charge Clearance Rate | 113% | N/A | 100% | 100% |
| Cost Per Charge: measures the cost of processing a single violation (charge) by charge type. The Court has a responsibility to use resources effectively to deliver desired outcomes such as access to the court, fairness, impartiality, and timeliness in case processing. This performance measure assists in gauging that effectiveness over time. Goal is to keep costs within 5% of prior year costs (dependent upon external factors). | | | | |
| • Cost Per Criminal Charge | \$ 48 | N/A | \$ 51 | \$ 53 |
| • Cost Per Civil Charge | \$ 24 | N/A | \$ 26 | \$ 27 |
| Wait Times to Access Court Services | | | | |
| Customer Service Lobby: average wait time of no more than 15 minutes, dependent upon staff levels. | 13:24 | N/A | 15:00 | 15:00 |
| Customer Service Call Center: average wait time of no more than 10 minutes, dependent upon staff levels. | 10:12 | N/A | 10:00 | 10:00 |

OPERATING PROGRAMS

ADMINISTRATION: This program area is responsible for personnel management, facilities management, budget management, case management, records retention and the enforcement of court-ordered sanctions for approximately 260,000 charges per year. Additionally, Administration is comprised of the following divisions: Administrative Services, Court Services, Judicial Services, Probation, and Public Services.

GENERAL SERVICES

SIGNIFICANT CHANGES

The adopted operating budget for Fiscal Year 2013 of \$57,945,500 reflects a decrease of \$1,384,480 from the Fiscal Year 2012 Adopted Budget. Changes include:

| | |
|--|-----------------------|
| Replacement of the Fleet Services shops' heating, cooling and ventilation systems | \$ 2,400,000 |
| Addition of ParkWise debt service for the Pennington Street and Centro garages which was previously in the citywide consolidated debt service budget | 1,432,700 |
| Increase in capacity to cover the second year of the Qualified Energy Conservation Bond funded replacement of the HVAC Controls at the Tucson Convention Center and Police headquarters | 751,500 |
| Additional capacity to cover the Internal Performance Contracting Program which funds the replacement of older/failing equipment citywide with more energy efficient equipment. The up-front investment is paid back by capturing the resulting energy savings over the estimated life of the equipment. | 550,000 |
| Other miscellaneous line item reductions | (20,910) |
| Reduction in the Clean Renewable Energy Bonds debt service payment based on annual payment schedule | (132,240) |
| Reduction in the General Services Internal Service Fund as a result of no planned replacement of Facilities Management vehicles | (300,000) |
| Elimination of capacity to cover end of service retirement payouts | (495,890) |
| Transfer of Emergency Communications Center to the Fire Department | |
| Total | \$ (1,384,480) |

DEPARTMENT MEASURES of PERFORMANCE

| | Actual FY 2011 | Adopted FY 2012 | Estimated FY 2012 | Adopted FY 2013 |
|---|---------------------------|----------------------------|------------------------------|----------------------------|
| Work toward a 100% on-time completion rate of Facilities Management work orders. | | | | |
| • Percent of work orders completed within five days after receipt | 79% | 65% | 75% | 75% |
| • Percent of preventive maintenance work orders completed on set schedule | 44% | 75% | 75% | 75% |
| Reduce the costs associated with the permitting and inspecting of repair/replacement building component projects by utilizing the Registered Plant (annual permit) concept. | | | | |
| • Targeted annual cost reduction (\$000) | N/A | \$ 2,000* | \$ 120 | \$ 600 |

*Since this original estimate was made, Development Services has decided to not require permitting for several types of building or building component/equipment modifications. This has resulted in a significant decrease in the number of permit requests that were anticipated to be diverted through the Registered Plant Program thus reducing the projected cost savings. The program also did not start until mid-Fiscal Year 2012.

CONSERVATION: This program area includes Tucson Water's base conservation programming, which includes Beat the Peak, as well as the programs recommended by the Community Conservation Task Force (CCTF). The CCTF program focuses on rebates for replacement of high water use fixtures in older housing and irrigation system upgrades. The program is designed to affect the water use of residential and multi-family customers of the utility and is expected to reduce water usage of those customer groups by around 4,000 acre-feet by Fiscal Year 2015. The Conservation Program is administered by the Public Information Office.

POTABLE SYSTEM: This program area is responsible for the municipal potable water (water meeting or exceeding all federal, state, and local drinking standards) obtained from groundwater well fields and facilities where Central Arizona Project (CAP) water is recharged and recovered. The Planning and Engineering Division plans, designs, and constructs the water production and distribution systems; the Maintenance Division maintains all of the water facilities; and the Water Quality and Operations Division provides water sampling, analyses, and treatment to provide the highest quality water to customers and ensures a continuous supply of water to our customers.

RECLAIMED SYSTEM: This program area provides for an important component of Tucson's water supply, in that reclaimed water usage for turf irrigation reduces total demand for potable water. The program includes operation and maintenance of the department's Roger Road Reclaimed Water Plant and Sweetwater Wetlands, as well as separate reclaimed water infrastructure. This system is overseen by the Water Quality and Operations Division, which ensures regulatory compliance with all federal, state, and local agencies.

SIGNIFICANT CHANGES

The adopted operating budget for Fiscal Year 2013 of \$94,944,190 reflects a decrease of \$2,543,060 from the Fiscal Year 2012 Adopted Budget. Changes include:

| | |
|---|-----------------------|
| Capacity for fuel contingency | \$ 800,000 |
| Increase in capacity to cover refunding issuance costs | 215,000 |
| Increase in capacity to cover medical insurance costs of retirees | 100,510 |
| Increase in capacity for Pima Animal Care Center services | 100,000 |
| Capacity for benefits and insurance consultants, and outside auditors | 100,000 |
| Reduction in capacity for Jail Board charges | (250,000) |
| Reduction to debt service principal and interest payments | (1,121,820) |
| Reduction in Tucson Convention Center rent payment to Rio Nuevo | (2,486,750) |
| Total | \$ (2,543,060) |

DEBT REFINANCING: This program area carries the capacity for the potential refinancing (refunding) of existing debt to lower interest payments and extension of the repayment period. Accounting principles and state budget law require that the City record the principal amount of the refinancing as an expenditure. For Fiscal Year 2013, the City anticipates refinancing certificates of participation and Street and Highway bonds.

DEBT REPAYMENTS: This program area (also referred to as Debt Service) contains debt issuance and repayment expenditures for equipment, vehicle, and facility financing needs of general government City departments. The Enterprise Fund departments (Environmental Services, Tucson City Golf, and Tucson Water) budget for their own debt service needs. The financing methods used are general obligation bonds, state's Highway Expansion Loan Program (HELP), lease/purchases, and certificates of participation.

¹Funding is in the Non-Departmental budget.

²Funding is paid out for actual services rendered; revenues received for fees and licensing offset the expenditures.

³Additional funding is also in the Tucson Water Department's budget (\$99,000) and in the Highway User Revenue Fund (\$100,580) which is budgeted in Non-Departmental for this purpose.

⁴Funding is in the Housing and Community Development Department budget.

⁵Funding is in the City Manager's Office budget.

⁶Fiscal Year 2012 funding reflects the actual contract allocation made to MTCVB based on prior year's transient occupancy tax (t.o.t.) collections. Fiscal Year 2013 reflects an estimate of the net allocation to the MTCVB based on a projection of Fiscal Year 2012 t.o.t collections. The Tucson Convention Center budget also includes \$460,000 of t.o.t. allocated for the promotion of tourism per Mayor and Council direction starting in Fiscal Year 2012. In addition, the City Manager's Office budget includes \$28,000 for staff work on Tucson-Mexico tourism promotion.

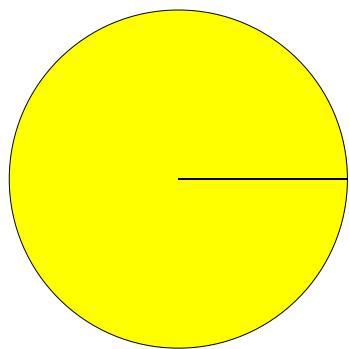

⁷For Fiscal Year 2013, \$120,000 has been budgeted in the City Manager's Office for economic development functions.

Capital Improvement Program

OVERVIEW of the FIVE-YEAR CAPITAL IMPROVEMENT PROGRAM

It is the practice of the City of Tucson to develop, maintain, and revise when necessary a continuing Capital Improvement Program (CIP). The CIP covers a five-year planning horizon (Fiscal Years 2013-2017) and identifies infrastructure and facility projects that the city will undertake during this timeframe as well as the funding sources available for projected expenditures.

The objective of this overview is to give the reader a brief look into the CIP and contains the following financial and narrative information:

- Budget Highlights
- Capital Improvement Program Process
- Summary of Expenditures and Funding Sources
- Department Programs
- Impact on the Operating Budget
- Capital Unmet Needs

BUDGET HIGHLIGHTS

This adopted CIP totals \$826.3 million; \$293.3 million is budgeted in the first year of the CIP and is a component of the Fiscal Year 2013 Adopted Budget. Notable projects include the following:

Advanced Oxidation Process Treatment Plant. Plan, design, and construct an Advanced Oxidation Process Treatment Plant to treat Tucson Airport Remediation Project (TARP) water for 1,4-dioxane removal. The plant will be located at the TARP Facility near I-19 and Irvington and will be completed in Fiscal Year 2014. Construction of a treatment plant is needed to ensure compliance as the Environmental Protection Agency is expected to establish health based limits for 1,4-dioxane. Total project costs are estimated to be \$14.6 million with \$10.4 million budgeted in Fiscal Year 2013. The project is funded by Water Revenue System Obligation Funds, the Water Infrastructure Reserve Fund, and Future Water Revenue Bonds.

Communications Center Expansion. Renovate and upgrade the Tucson Police and Tucson Fire Departments' combined Emergency Communications Center located at the Thomas O. Price Service Center (TOPSC). Improvements include expanding the dispatch operations facility to allow for 20-year growth, replacing console and telephone switching, and upgrading the radio communications infrastructure used in public safety and medical dispatch operations. Total project costs are estimated to be \$9.4 million with \$8.7 million budgeted in Fiscal Year 2013. The project is funded by public safety impact fees, Pima County bonds, and miscellaneous federal grants.

Modern Streetcar/SunLink. Plan, design, and construct a four-mile fixed rail transit system that will connect the University of Arizona Campus and the downtown redevelopment area on the west side of Interstate 10. Total project costs are estimated to be \$144.0 million with \$87.6 million budgeted in Fiscal Year 2013. The project includes \$63 million in Transportation Investment Generating Economic Recovery (TIGER) Discretionary Grant Funding administered by the U.S. Department of Transportation. The project also includes \$75 million in Regional Transportation Authority (RTA) funding.

Southeast Community Park. Acquire land, plan, and design the first phase of a regional park anticipated to be located in the vicinity of the Esmond Station and adjacent to a new Vail School District high school in southeast Tucson. This project will serve the rapidly growing Houghton Corridor Area. It is a collaborative partnership between the City, Pima County, and Vail School District to maximize resources to the benefit of the community served. Total project costs are estimated to be \$5.8 million with \$4.0 million budgeted in Fiscal Year 2013. The project is funded by Pima County bonds.

OVERVIEW of the CAPITAL IMPROVEMENT PROGRAM

CAPITAL IMPROVEMENT PROGRAM PROCESS

Defining a Capital Improvement

To be included in the CIP, projects need to meet one of the following criteria:

- Construction of a new City asset or expansion of an existing city-owned facility, including preliminary planning and surveys, cost of land, staff and contractual services for design and construction, and related furnishings and equipment.
- Initial acquisition of a major equipment system, which will become a City asset at a cost of \$100,000 or more and a useful life of at least six years.
- Major renovation or rehabilitation of an existing City-owned facility that requires an expenditure of \$100,000 or more and will extend the life of the original City asset.

Exceptions have been made for inclusion of a few projects that do not meet the above criteria (SunTran buses and SunVan paratransit vans) to make the planning, funding, and acquisition of these purchases more visible to the public and the governing body.

Steps from Submittal to Approval

In January 2012, the CIP process began with the Office of Budget and Internal Audit providing direction and guidelines to CIP department liaisons for the upcoming CIP. Departments were given approximately four weeks to develop their CIP requests based on their assessment of needs, citizen committee input, and existing bond authorizations and grant awards. Departments were directed to include only projects with secured funding. Exceptions were made for annual federal grant appropriations from the Federal Transit Administration, other pending awards that would require budget capacity be available (e.g., any non-federal grant or contribution), and future enterprise revenues bonds. Department requests were reviewed by the Office of Budget and Internal Audit and applicable revisions were made.

The proposed CIP was presented to the Mayor and Council on April 24, 2012 along with the Recommended Fiscal Year 2013 budget. The first year of the CIP was included as part of the city's recommended budget which was reviewed and discussed by the Council at Study Sessions in May. Two public hearings were held prior to the adoption of the Fiscal Year 2013 budget on June 5th.

SUMMARY of EXPENDITURES and FUNDING SOURCES

Only funded projects, except as noted earlier, are presented in this five-year CIP. The objective is to clarify for the community what the City can do to meet its needs with the limited funds available.

Expenditures

The Approved Five-Year CIP for Fiscal Years 2013 through 2017 totals \$826.3 million. The majority of the projects are in the Operations and Development category, which includes Environmental Services, General Services, Transportation, and Tucson Water.

OVERVIEW of the CAPITAL IMPROVEMENT PROGRAM

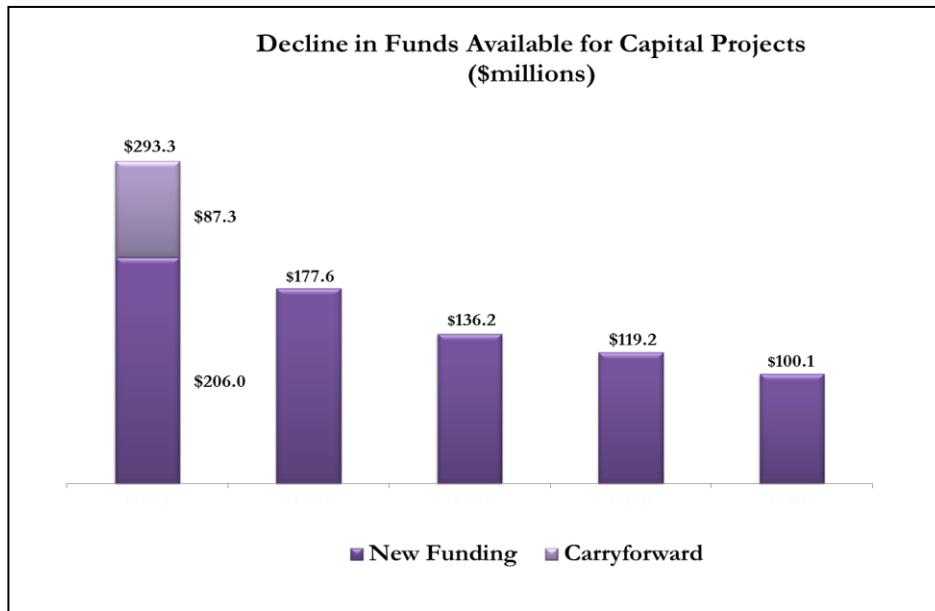

Five-Year CIP Summary of Expenditures

| (in \$000s) | Adopted Year 1 FY 2013 | Approved Five- Year Program |
|-------------------------------------|------------------------------|--------------------------------|
| Public Safety/Neighborhood Services | \$ 25,384.6 | \$ 32,438.9 |
| Operations and Development | 266,165.4 | 792,124.1 |
| Non-Departmental: General Expense | 1,750.0 | 1,750.0 |
| Total | \$ 293,300.0 | \$ 826,313.0 |

This five-year CIP is \$200.4 million less than the \$1.03 billion approved five-year CIP for Fiscal Years 2012 through 2016. The decrease is primarily due to the completion of projects funded by the Regional Transportation Authority (RTA) and Mass Transit Federal Grants.

Fiscal Year 2013 includes \$87.3 million carried forward for project expenditures not made as planned during Fiscal Year 2012. On top of that is \$206.0 million in new funding. The CIP presumes that all of the Fiscal Year 2013 budget will be spent in that year.

CIP expenditures decline significantly after Fiscal Year 2013 from \$177.6 million in Fiscal Year 2014 to \$100.1 million by Fiscal Year 2017. The decline in new funding over the following three years is primarily due to the spending down of RTA funding and Mass Transit Federal Grants.

For a summary of expenditures by department and fiscal year, see Table I. Five Year Capital Improvement Program Summary by Department on page E-8.

OVERVIEW of the CAPITAL IMPROVEMENT PROGRAM

Funding Sources

This five-year program of \$826.3 million is funded primarily from Special Revenue Funds, which are predominately Transportation's Regional Transportation Authority Funds.

Five-Year CIP Summary of Funding Sources

| (in \$000) | Adopted Year 1 FY 2013 | Projected Five-Year Program |
|------------------------|------------------------------|-----------------------------------|
| Capital Projects Funds | \$ 10,429.3 | \$ 157,255.3 |
| Enterprise Funds | 69,807.0 | 173,171.0 |
| General Fund | 112.6 | 112.6 |
| Special Revenue Funds | 212,951.1 | 495,774.1 |
| Total | \$ 293,300.0 | \$ 826,313.0 |

Capital Projects Funds. This category, which includes the City bond funds, is 19% of the five-year CIP. These funds will provide \$157.2 million over the next five years: \$630,000 from the 2000 Environmental Service General Obligation Bonds, \$1.2 million from authorized General Obligation Bonds, and \$8.6 million in 2005 Water Infrastructure Financing Authority Bonds, and \$146.8 million from future water revenue bond authorizations.

Enterprise Funds. Enterprise Funds total \$173.2 million or 21% of the five-year CIP. Environmental Services totals \$3.2 million. Tucson Water accounts for the remaining \$170.0 million: \$118.3 million from user revenues and \$51.7 million from Water's Obligation funds.

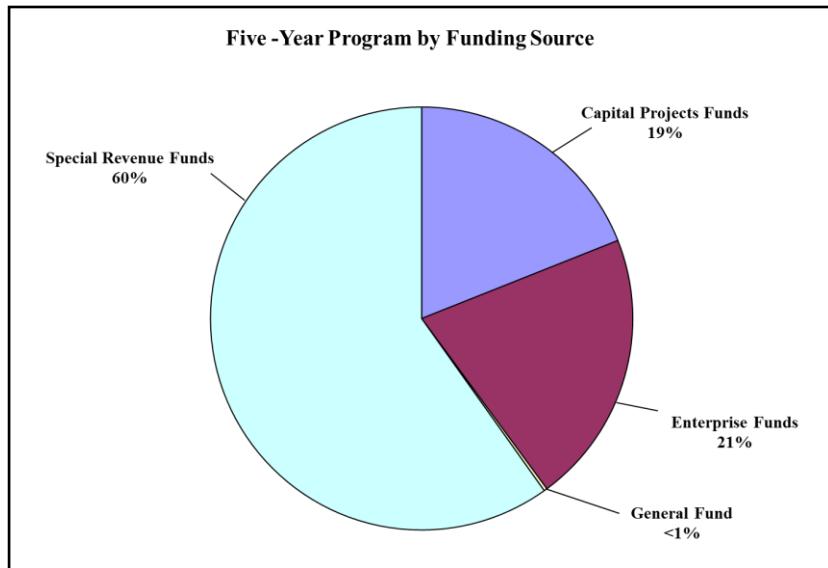

General Fund. This category totals \$0.11 million or less than 1% of the five-year CIP and these restricted revenues are in the Parks and Recreation Department, budget for the A Mountain Improvement Project.

Special Revenue Funds. This category totals \$495.8 million or 60% of the five-year CIP Included in this category are federal grants, funding for the Regional Transportation Authority (RTA) plan, the city's Highway User Revenue Funds (HURF), regional HURF distributed by the Pima Association of Governments (PAG), and other agency and private sector contributions.

RTA funds of \$235.5 million account for the largest portion of this category. Next are federal grants of \$147.2 million. Pima County bonds will provide \$33.7 million. Capacity of \$17.0 million was added for road and regional park improvements. State-shared HURF provides another \$12.1 million: \$3.4 million from the City's HURF allocation and \$8.7 million from regional HURF distributed by PAG. Certificates of participation within the Capital Improvement Fund account for \$10.4 million. Mass Transit Funds total \$7.9 million provided from the General Fund. The remaining \$32.0 million comes from a variety of sources including developers and capital agreements with other jurisdictions.

For more detail on funding sources, see Table II. Five-Year Capital Improvement Program Summary by Funding Source beginning on page E-9.

OVERVIEW of the CAPITAL IMPROVEMENT PROGRAM

DEPARTMENT PROGRAMS

Programs are briefly presented in this section by departments which are listed alphabetically within their budget reporting categories, also known as service areas: Public Safety/Neighborhood Services, Operations and Development, and Non-Departmental. For a further listing of the projects by department see pages E-13 through E-30.

Public Safety/Neighborhood Services

The Public Safety/Neighborhood Services category, which accounts for 4% of the total five-year CIP, contains projects managed by City Court, Housing and Community Development, Parks and Recreation, Tucson Convention Center, and Tucson Fire.

City Court. City Court's five-year program of \$0.7 million consists of one project, Elevator Upgrades. This project is funded with certificates of participation in the Capital Improvement Fund.

Housing and Community Development. This department's five-year program of \$2.8 million consists of three projects: Neighborhood Stabilization Acquisition I, Neighborhood Stabilization Acquisition III, and the Back to Basics program. Funding is provided by the City's Highway User Revenue Fund and the Community Development Block Grant Fund.

OVERVIEW of the CAPITAL IMPROVEMENT PROGRAM

Parks and Recreation. Parks' five-year CIP of \$18.9 million contains 34 projects. These projects are funded primarily from Pima County bonds of \$14.5 million. Revenue from impact fees, restricted General Fund revenues, and 2000 General Obligation bonds provide for the remaining \$4.4 million. These funds provide for a wide range of projects: improvements at regional parks, expansion of recreation centers, amenities at neighborhood parks, and zoo improvements.

Tucson Convention Center. The five-year program of \$1.0 million consists of one project, the Tucson Convention Center Bleachers. Which is funded by certificates of participation in the Capital Improvement Fund.

Tucson Fire. Tucson Fire's five-year program of \$9.0 million consists of two projects: Communications Center Expansion and Fire Facility Improvements. These projects are funded with revenue from public safety impact fees in the amount of \$4.7 million, Pima County bonds of \$4.0 million, and \$0.3 from miscellaneous federal grants and general obligation bonds.

Operations and Development

The Operations and Development category, which accounts for 96% of the total five-year CIP, contains projects managed by Environmental Services, General Services, Transportation, and Tucson Water.

Environmental Services. The department's five-year program of two projects totals \$3.8 million. Environmental Services' CIP is funded from Environmental Service General Obligation bonds of \$0.6 million and \$3.2 million from Environmental Service revenues.

General Services. The five-year General Services program of \$7.0 million consists of two projects: Elevator and Escalator Code Compliance and Energy Plant Repairs and Capacity Expansion. General Services' CIP is funded with certificates of participation in the Capital Improvement Fund.

Transportation. The five-year Transportation program of \$455.9 million includes five program areas: Drainage for \$0.6 million, Public Transit for \$183.7 million, Street Lighting for \$0.05 million, Streets for \$267.8 million, and Traffic Signals for \$3.8 million. Because there are insufficient funds to meet all of Transportation's needs, this CIP allocates available funding to the highest priority projects.

The largest funding source for Transportation's projects is the funding from the RTA plan which totals \$235.5 million. Federal funding provides another significant portion totaling \$144.3 million: \$110.3 million for transit projects and \$34.0 million for street projects. Other funding sources are capital agreement funds of \$25.0 million, Pima County bond funds of \$15.1 million, city bond funds of \$0.6 million, regional HURF from Pima Association of Governments of \$8.7 million, city HURF of \$5.1 million, and impact fee revenues of \$13.8 million. The remaining \$7.9 million is from the General Fund for Mass Transit, which is used as the local match for federal transit grants.

Tucson Water. The five-year Tucson Water CIP of \$325.4 million includes \$286.2 million of improvements to the potable water system and \$39.2 million of improvements for the reclaimed water system. Tucson Water's CIP is funded with future water revenue bond authorization of \$146.8 million, operation funds of \$118.3 million, 2005 Water Infrastructure Financing Authority bonds of \$8.6 million, 2010 Revenue Obligation funds of \$0.5 million, 2011 Revenue Obligation funds of \$4.7 million, and 2012 Revenue Obligation funds of \$46.5 million.

OVERVIEW of the CAPITAL IMPROVEMENT PROGRAM

Non-Departmental

The Non-Departmental category, which accounts for less than 1% of the total five-year CIP, contains one project that is budgeted here because it is beyond the oversight scope of a single department. The Technology Improvements Project will convert the City's multiple enterprise-related computer systems into a single Enterprise Resource Planning (ERP) system. This project is funded with certificates of participation in the Capital Improvement Fund.

IMPACT on the OPERATING BUDGET

The completion of many capital projects is the beginning of recurring costs for the operating budget. Operating and Maintenance (O&M) impacts from projects in this five-year CIP total \$20.2 million for Fiscal Year 2013, increasing to \$21.6 million for Fiscal Year 2014, and to \$23.7 million by Fiscal Year 2017. The General Fund O&M impacts in Fiscal Year 2013 are for the opening of new or expanded facilities.

For a summary of O&M impacts by department and funding source over the next five years, see Table III, Summary of CIP Impact on the Operating Budget.

CAPITAL UNMET NEEDS

Finance Department staff has been working with other City departments to identify the City's unmet capital needs which are potential projects with no currently identified funding source. The City's unmet needs total approximately \$1.3 billion. The large amount of unmet capital needs has resulted from not having bond authorization funding available to meet the needs of the City and from the deferral of ongoing infrastructure maintenance. Due to the extent of the City's unmet capital needs specifically related to streets maintenance and new construction, Mayor and Council voted on June 26th to refer the placement of a question on the November 2012 ballot seeking voter authorization to issue \$100 million in General Obligation bonds to repair and resurface arterial and residential streets within the City of Tucson.

A listing of capital unmet needs by department is included on page E-36.

IMPACT FEE PROJECTS PLAN

The 2007 impact fee ordinances adopted by Mayor and Council require an Impact Fee Projects Plan (IFPP) that lists the projects that are eligible for the use of impact fees. As required, the city's IFPP was established following a public hearing in March 2007. The ordinance further requires that the IFPP be included in the city's capital improvement program (CIP) and reviewed annually. This section of the CIP is presented to comply with that requirement.

Available Revenue for Projects

In most cases, it is the city's budgeting practice to budget in Year 1 of the CIP only the impact fee revenue collected through December of the previous fiscal year, and only for those projects with potential funding in the following years to complete construction. Potential funding in the following years may come from impact fees, grants, bonds, or other revenues that are reasonably assured to be available.

Eligible Projects

In March 2007, following a public hearing, the Mayor and Council approved the arterial roadway and regional park projects listed on the following pages. These project listings are the ordinance-required Impact Fee Projects Plan. Projects programmed in this CIP are noted.

In August 2007, Mayor and Council adopted the ordinance for impact fees for Tucson Fire, Tucson Police, and Public Facilities. Capacity of \$4.4 million for expenditures of Tucson Fire and Tucson Police impact fee revenues is included in Fiscal Year 2013 for the Communications Center Expansion project as part of the Pima County Wireless Integrated Network (PCWIN) project budgeted under Tucson Fire. The revenues reflected are those that have been projected to be available by the end of the fiscal year. Adoption of the Fiscal Year 2013 budget by Mayor and Council following the budget public hearings has made this project eligible for inclusion in the IFPP.

The collection of impact fees for residential development started on January 16, 2008. Collection of impact fees for non-residential development started on January 16, 2009; capacity for these revenues are not yet included in this approved CIP or the IFPP.

The IFPP does not include projects funded with Tucson Water's impact fee because they are governed by separate ordinances.

IMPACT FEE PROJECTS PLAN

New and Deleted Projects in the FY 2013-2017 CIP (\$000)

The impact fee ordinance requires that the IFPP be included in the city's CIP and be reviewed annually. The original roads and parks projects in the IFPP were established by public hearing in March 2007.

The following table lists five projects in this adopted CIP that are being added to the IFPP. Programming and spending against the allocation is contingent upon the availability of impact fee revenue.

Glossary

GLOSSARY of TERMS

| Term | Definition |
|-----------------------------------|--|
| ACCOUNTABILITY | The state of being obliged to explain actions to justify what was done. Accountability requires justification for the raising of public funds and the purposes for which they are used. |
| ACTIVITY | A group of related functions performed by one or more organizational units for the purpose of satisfying a need for which the city is responsible. |
| ALLOCATION | Assigning one or more items of cost or revenue to one or more segments of an organization according to benefits received, responsibilities, or other logical measures of use. |
| ANALYSIS | A process that separates the whole into its parts to determine their nature, proportion, function, and relationship. |
| ANNUALIZED COSTS | Operating costs incurred at annual rates for a portion of the prior fiscal year that must be incurred at similar rates for the entire 12 months of the succeeding fiscal year. |
| APPROPRIATION | An authorization granted by the Mayor and Council to make expenditures and to incur obligations for purposes specified in the appropriation resolution. |
| ASSESSED VALUATION | A valuation set upon real estate or other property by the county assessor and the state as a basis for levying taxes. |
| BOND | A written promise to pay a specified sum of money (called the face value or principal amount) at a specified date or dates in the future (called the maturity date), together with periodic interest at a specific rate. |
| BOND FUNDS | Funds used for the purchase or construction of major capital facilities, which are not financed by other funds. The use of bond funds is limited to ensure that bond proceeds are spent only in the amounts and for the purposes authorized. |
| BOND PROCEEDS | Funds derived from the sale of bonds for the purpose of constructing major capital facilities. |
| BONDS - GENERAL OBLIGATION | Limited tax bonds that are secured by the city's secondary property tax. |
| BUDGET | A financial plan consisting of an estimate of proposed expenditures and their purposes for a given period and the proposed means of financing them. |

GLOSSARY of TERMS

| Term | Definition |
|---|--|
| CAPITAL BUDGET | A financial plan of proposed capital expenditures and the means of financing them. |
| CAPITAL CARRYFORWARD | Capital funds unspent and brought forward from prior years. |
| CAPITAL IMPROVEMENT FUND | The Capital Improvement Fund accounts for capital projects that are financed by Certificate of Participation (COPs) or are reimbursed by governmental agencies such as Pima County and Pima Association of Governments (PAG). |
| CAPITAL IMPROVEMENT PROGRAM (CIP) | A plan separate from the annual budget that identifies: (1) all capital improvements which are proposed to be undertaken during a five fiscal year period, (2) the cost estimate for each improvement, (3) the method of financing each improvement, and (4) the planned implementation schedule for each project. |
| CAPITAL PROJECT | Any project having assets of significant value and a useful life of six years or more. Capital projects include the purchase of land, design, engineering, and construction of buildings and infrastructure items such as streets, bridges, drainage, street lighting, water system, etc. Capital improvements are permanent attachments intended to remain on the land. Capital projects may include the acquisition of heavy equipment and machinery or specialized vehicles using capital funding sources. |
| CARRYFORWARD CAPITAL IMPROVEMENT PROJECT | Any capital project that has been previously approved by the Mayor and Council, but for various reasons has not been implemented on schedule. Under state law and Generally Accepted Accounting Principles, only those costs relating to work actually done on or before the last day of the fiscal year can be reflected on the financial statements of that fiscal year. To avoid having to charge the project costs estimated to be incurred in a subsequent fiscal year as an unbudgeted item for that year and, therefore, violate state budget law, such a project and the associated projected costs are included in the subsequent fiscal year's budget. |
| CERTIFICATES of PARTICIPATION (COPs) | A debt financing tool which is used to enable the city to purchase large equipment and improve or construct city facilities. Interest is paid and principal repaid through annual payments made from funds appropriated each fiscal year by the Mayor and Council. |

| Term | Definition |
|---|---|
| COMPREHENSIVE ANNUAL FINANCIAL REPORT (CAFR) | Financial report that contains, at a minimum, three sections: (1) introductory, (2) financial, and (3) statistical, and whose financial section provides information on each individual fund and component unit. |
| CUSTOMER | The recipient of a product or service provided by the city. Internal customers are city departments, employees, or officials who receive products or services provided by other city departments. External customers are citizens, neighborhoods, community organizations, businesses, or other public entities who receive products or services provided by a city department. |
| DEBT SERVICE | The amount required to retire the principal and pay the interest on outstanding debt. |
| ENCUMBRANCES | Obligations in the form of purchase orders, contracts, or other commitments that are chargeable to an appropriation and for which a part of the appropriation is reserved. They cease to be encumbrances when the obligations are paid or otherwise extinguished. |
| ENTERPRISE FUND | An accounting entity established to account for the acquisition, operation, and maintenance of governmental facilities and services which are entirely or predominantly self-supporting. |
| EQUIPMENT | An item of machinery or furniture having a unit cost of more than \$5,000 and an estimated useful life of more than one year. Heavy equipment and machinery that are capital improvements are included in the capital budget and are not considered equipment items in the operating budget. |
| EXPENDITURE | Any authorization made for the payment or disbursing of funds during the fiscal year. |
| FEDERAL ECONOMIC STIMULUS | Federal grant funding provided through the 2009 American Recovery and Reinvestment Act in order to create jobs and stimulate the local economy. |
| FIDUCIARY FUNDS | Funds used to report assets held in a trustee capacity and therefore cannot be used to support the city's programs. The Tucson Supplemental Retirement System fund is a fiduciary fund. |
| FISCAL YEAR (FY) | A 12-month period of time to which the annual budget applies and at the end of which a governmental unit determines its financial position and the results of its operations. Fiscal Year 2013 refers to the period July 1, 2012 through June 30, 2013. |

GLOSSARY of TERMS

| Term | Definition |
|--|--|
| FULL-TIME EQUIVALENT POSITION (FTE) | A full-time position, or part-time position converted to a decimal equivalent of a full-time position, based on 2,080 hours per year. For example, a summer lifeguard working for four months, or 690 hours, would be equivalent to .33 of a full-time position. |
| FUND | An independent fiscal and accounting entity with a self-balancing set of accounts recording cash and/or other resources, together with all related liabilities, for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations. |
| FUND BALANCE | The difference between assets and liabilities reported in a governmental fund. |
| GENERAL FUND | A fund used to account for all general transactions of the city that do not require a special type of fund. |
| HOME RULE | Home Rule is an alternative to the State set expenditure limitation. A home rule prescribes the method the city will use to calculate its own expenditure limitation each year. Voter approval of a home rule must occur prior to the first fiscal year in which it applies. Home rules apply for four succeeding fiscal years, after which the constitutional expenditure limitation becomes effective, unless a new home rule is adopted. |
| IN LIEU of TAXES | Enterprise funds most often are not subject to property taxes because of their governmental character. In lieu of tax payments compensate the general government for public services received. In some cases, these payments are calculated to be reasonably equivalent in value to the services provided. In other cases, there is no clear link between the amounts paid and the value of services received. |
| INTER ACTIVITY TRANSFERS | Transactions between city organizations or funds that would be treated as revenues or expenditures if they involved parties external to the city. Transactions may be charged against other organizations or funds. |
| INTERNAL SERVICE FUNDS | Funds used to report any activity that provides goods or services to other funds, departments, or agencies of the primary government on a cost-reimbursement basis. The goal of an internal service fund is to measure the full cost of providing goods or services for the purpose of fully recovering that cost through fees or charges. The Risk Management Fund is such a fund; departments are assessed charges to fund the city's self-insurance expenses. |

|-------------------------------|--|
| NON-RECURRING REVENUE | Proceeds of general obligation bonds, revenue bonds, and other restricted revenue. |
| OPERATING BUDGET | A financial plan which applies to all proposed expenditures other than for capital improvements. |
| OPERATING FUNDS | Resources derived from recurring revenue sources used to finance operating expenditures and pay-as-you-go capital expenditures. |
| ORGANIZATION | The smallest unit of budgetary accountability and control which encompasses specific and distinguishable lines of work performed for the purpose of accomplishing a function for which the city is responsible. |
| OTHER COSTS | This classification of costs includes Sun Tran expenditures, contributions to outside agencies, specific federal fund expenditures, and miscellaneous expenditures. |
| OUTSIDE AGENCIES | Non-profit organizations whose activities support the Mayor and Council's priorities. |
| pCARD | A charge card that allows goods and services to be procured without using a traditional procurement process. A pCard is also known as a procurement card. |
| PRIMARY PROPERTY TAXES | All ad valorem taxes, except the secondary property taxes, which can be used for any lawful purpose. |
| PROGRAMS | Desired output-oriented accomplishments which can be measured and achieved within a given timeframe. Achievement of the programs advance the activity and organization toward fulfillment of a corresponding need. |
| PROJECTS | Unique assignments having a finite time span and a deliverable; normally associated with capital improvements such as roadways, neighborhood facilities, etc. |
| RECURRING REVENUES | Revenue sources available on a continuing basis to support operating and capital budgetary needs. |
| RESTRICTED REVENUES | Revenues which are legally restricted for a specific purpose by the federal, state, or local governments. |
| REVENUES | Income from taxes and other sources during the fiscal year. |
| SALARIES and BENEFITS | The costs of compensating employees of the City of Tucson, including salaries and employee benefit costs, such as health, dental, and life insurance, city contributions for retirement, social security, and workers' compensation insurance. |

GLOSSARY of TERMS

| Term | Definition |
|---------------------------------|--|
| SECONDARY PROPERTY TAXES | Ad valorem taxes or special property assessments used to pay the principal, interest, and redemption charges on any bonded indebtedness or other lawful long-term obligation issued or incurred for a specific purpose by a municipality, county, or taxing district; and assessments levied by or for assessment districts and for limited purpose districts other than school districts and community colleges pursuant to an election to temporarily exceed (up to one year) budget, expenditure, or tax limitations. |
| SECONDARY TAX RATE | The rate per one hundred dollars of assessed value employed in the levy of secondary property taxes. The assessed value derived from the current full cash value (market value) is the basis for computing taxes for budget overrides, bonds, and for sanitary, fire, and other special districts. |
| SERVICES | Costs which involve the performance of a specific service by an outside organization or other city organization. Examples of services include consultants, utilities, and vehicle maintenance. |
| SPECIAL ASSESSMENTS | Compulsory levy made against certain properties to defray all or part of the cost of a specific capital improvement or service deemed to benefit primarily those properties. |
| STREET and HIGHWAY BONDS | Revenue bonds which are secured by the city's Highway User Revenues and used for the construction of street, highway, and related capital projects. |
| SUPPLIES | Expendable items used by operating departments. Examples include office supplies, repair and replacement parts for equipment, books, and gasoline. |
| TAX LEVY | The total amount to be raised by general property taxes for purposes specified in the Tax Levy Ordinance. |
| TAX RATE | The amount of tax levied for each one hundred dollars of assessed valuation. |
